December 2, 2014

To Whom It May Concern,

My husband and I are writing concerning House Bill H 4315. We need to have our analog meter returned and the Smart meter removed.

We have suffered many physical ailments since the Smart Meter was installed (without our knowledge) on July 9, 2010.

I have had open heart surgery, cancer, back problems, ringing in the ears, fatigue, etc.

Insomnia has been a big problem for myself and my husband. My husband, Paul, has also been experiencing spontaneous nose bleeds and migraine headaches.

We must have a choice, and our choice is to remove the Smart(?) meter and replace it with the analog meter — quickly.

Respectfully,

Roxanne M. Ardoin
