**Overview**

The School Aid budget makes appropriations to the state's 549 local school districts, 277 public school academies, the Education Achievement System, and 56 intermediate school districts (ISDs) for operations and certain categorical programs. It also appropriates funds to the Center for Educational Performance and Information, the Workforce Development Agency, and other entities to implement certain grants and other programs related to K-12 education.

#### Major Boilerplate Changes From FY 2012-13

##### **Sec. 6(4). Pupil Membership Blend – REVISED**

House revises the pupil membership blend from 90% October count and 10% of the previous February count to 80% of the October count and 20% of the following February count in order to align with the proposed pupil transfer process in Section 25e.

##### **Sec. 6(6). Counting Nonresident Pupils for Online Courses – REVISED**

Executive adds to the conditions under which a district may count a pupil in membership without the approval of his or her resident district: a pupil who enrolls in an online program in another district as allowed under the newly proposed Section 21f. House concurs.

##### **Sec. 18a. Public School Academy (PSA) Property Transfer – REVISED**

Current law requires that PSA property acquired substantially with public funds be transferred to the state if a PSA's contract is revoked or not reissued, or if the PSA is ineligible for state aid funding for 18 consecutive months. Executive recommendation adds that a PSA corporation must initiate a dissolution process within 30 days after its contract expires. House concurs but revises to initiate the "transfer" process.

##### **Sec. 20 (8) and (9). 100% Online programs Foundation – NEW**

House adds language that beginning in FY 2014-15 the foundation allowance for a cyber school or for pupils attending a district under a seat-time waiver for a 100% online model is equal to 80% of the foundation allowance of the district in which it is located.

##### **Sec. 20(10). Foundation Allowances for District Consolidations or Annexations– REVISED**

House revises language which currently provides that the foundation allowance for a consolidated district is the per pupil weighted average of all the affected districts. Instead the foundation allowance would be either the highest foundation of the affected districts or the sum of \$100 plus the per pupil weighted foundation, whichever is less.

##### **Sec. 20(14). Small Class Size Adjustments to Foundation Allowances – REVISED**

Executive revises foundation allowance adjustments for districts that received a small class size grant in 2001-2002. Currently funded in FY 2012-13 at 68.5% of FY 2010-11 levels at a total cost of \$13.0 million (funded under Sec. 22b). Executive recommendation continues adjustments into FY 2013-14, reduces to a total cost of \$9.0 million by capping adjustments as follows:

- not to exceed \$100 per pupil for districts with foundation allowances less than \$7,500.
- not to exceed \$50 per pupil for districts with foundation allowances greater than \$7,500.

House revises small class size adjustments to 70% of each district's adjustment in FY 2012-13. Assumes the same level of savings as the Executive recommendation.

**Sec. 21f. Online Courses – NEW**

Executive allows pupils in grades 5 to 12 to enroll in online courses as provided in this section (does not apply to cyber schools). Requires that a district allow a pupil to enroll in up to 2 online courses per term, semester, or trimester with the consent of the pupil's parent or legal guardian. If a pupil has demonstrated previous success in online courses, and the district and parent or guardian determine it is in the pupil's best interest, a pupil may enroll in more than 2 online courses per term, semester, or trimester. Allows pupil to enroll in online courses published in the district's catalog of online courses or the statewide catalog of online courses maintained by MVU pursuant to Sec. 98. Allows educating district to prohibit enrollment in an online course under certain circumstances, but provides the pupil an opportunity to appeal that decision to the ISD. Requires a district, if offering an online course, to provide MVU with the course syllabus for inclusion in the statewide catalog and provide links to the catalog on the district's website.

House revises to cover grades 7 to 12, deletes references to a statewide catalog maintained by MVU, deletes the provision requiring a district to allow a pupil with past success to take more than 2 online courses per term, and caps the amount a district has to pay for an online course to 1/12 of the district's foundation allowance per semester or 1/18 of the district's foundation allowance for a trimester.

**Sec. 22f. Best Practices – REVISED**

Executive reduces per pupil awards from \$52 per pupil to \$16 per pupil for districts complying with 7 out of 8 best practices. 4 out of the 8 best practices include revisions under the Executive recommendation:

- Acts as policyholder for insurance - Adds that a district with a voluntary employee beneficiary association (VEBA) that pays no more than the maximum allowed under PA 152 of 2011 is considered to have met this requirement.
- Competitively bid at least one non-instructional service - Adds that the unfunded liability costs for retirement must be excluded from district costs when comparing competitive bids.
- Provide online learning opportunities - Adds that a district must publish syllabi for offered online courses, as required under Sec. 21f.
- Provide a dashboard to parents and the community - Adds additional required dashboard items including revenue and expenditure projections, list of all debt service obligations by project including anticipated payments for FY 2013-14, and total outstanding debt.

The 4 other best practices remain the same and include participating in schools of choice, measuring student growth twice annually, providing dual enrollment, and provide physical or health education that meet State Board of Education standards. House includes the Executive language but provides only a \$100 placeholder for best practices grants.

**Sec. 22i. Technology Infrastructure Grants – REVISED**

Executive adds instructional practices and shared service consolidation of technology and data as allowable uses of funding and changes the grant process from a competitive bid process to a process in which all eligible districts and ISDs may participate.

House limits the uses to technology infrastructure, shared service consolidation of technology and data, and hardware. Also requires that to be eligible for funding under this section, a district or intermediate district must comply with language prohibiting contract renewals or extensions between December 10, 2012 and March 28, 2013 unless they can realize 10% savings as certified by an independent certified public accounting firm or those contracts that include only an agreement regarding conditions of employment that include membership in a labor organization or bargaining representative or paying dues or fees to a labor organization or bargaining representative or to a third party in lieu of those dues or fees.

**Sec. 22j. District Performance Grants – REVISED**

Executive updates the school year assessment used to awards to 2011-2012 and revises the high school award to broaden from only the Michigan Merit Exam to all high school assessments.

House concurs but also requires that to be eligible for funding under this section, a district or intermediate district must comply with language prohibiting contract renewals or extensions between December 10, 2012 and March 28, 2013 unless they can realize 10% savings as certified by an independent certified public accounting firm or those contracts that include only an agreement regarding conditions of employment that include membership in a labor organization or bargaining representative or paying dues or fees to a labor organization or bargaining representative or to a third party in lieu of those dues or fees.

**Sec. 25e. Pupil Transfer Process - NEW**

House repeals Sec. 25, which was set to begin in FY 2013-14 and replaces it with Sec. 25e. It would require CEPI to work with MDE, districts, and intermediate districts to develop a pupil transfer application modeled after the graduation and dropout application, and allow districts to transfer students and revise membership between the October and February count dates.

**Sec. 32d. Great Start Readiness Program – REVISED**

Executive proposes significant funding increases, but also includes several major policy changes including:

- Revises to align with new kindergarten age requirements, phased in over 3 years, to move the eligibility age cutoff date from December 1 to September 1.
- Eliminates former Parents Involved in Education (PIE) programs as an allowable use of funds.
- Distributes 100% of the funding through the Section 39 formula and requires all entities including ISDs, districts, public or private for-profit and nonprofit entities receiving funding to comply with Sections 32d and 39 rather than continuing a separate competitive application for public or private for-profit and nonprofit entities.
- Requires that a program receiving funds under this section must participate in the state's Great Start to Quality Process, the Tiered Quality Rating Improvement System (TQRIS), with a rating of at least 3 stars.
- Increases the minimum percentage of participating children who must live in families with income less than 300% of federal poverty level from at least 75% to at least 90%.
- Requires an ISD to contract with eligible public and private for-profit and nonprofit community-based providers for at least 20% of its total allocated slots. Requires notification to department if ISD is unable to meet this requirement.

House concurs but revises the Executive recommendation to continue allowing PIE programs, decreases the income eligibility threshold to 250% of the federal poverty, revises the minimum percentage of participating children who must qualify based on income to 80%, and clarifies that if MDE verifies an ISD tried to contract at least 20% of their slots and is unable to do so, the ISD may keep those remaining slots. Requires an ISD to let parents choose among ISD providers and requires an ISD to allow a parent of an eligible child to choose a program in another ISD and that the resident ISD would have to pay for the it.

**Sec. 32p. Early Childhood Block Grants – REVISED**

Executive provides that each ISD shall receive 100% of its FY 2012-13 allocation.

House provides that beginning in FY 2013-14 funding shall be determined by a distribution formula to be established by the MDE Office of Great Start in order to provide for equitable funding statewide.

**Sec. 56. Special Education Millage Equalization – REVISED**

FY 2012-13 allocations were frozen at prior year levels, but Executive recommendation reverts back to the formula, which guarantees a minimum taxable value per pupil for special education millages. For FY 2013-14 the per-pupil taxable value equalization amount is \$166,000.

House provides that no single ISD shall receive more than 62.9% of the total allocation under this section, and revises the taxable value equalization amount to \$169,900 accordingly.

**Sec. 62. Vocational Education Millage Equalization – REVISED**

FY 2012-13 allocations were frozen at prior year levels, but Executive recommendation reverts back to the formula, which guarantees a minimum taxable value per pupil for vocational education millages. For FY 2013-14 the per-pupil taxable value equalization amount is \$185,300.

House provides that no single ISD shall receive more than 38.4% of the total allocation under this section, and revises the taxable value equalization amount to \$186,500 accordingly.

**Sec. 81(6). ISD Best Practices – REVISED**

Executive maintains \$2.0 million allocation for ISD best practices, but revises to require 5 out of 6 best practices:

- Develop a consolidation plan - Adds for an ISD that developed a plan in FY 2012-13, it must implement that plan to qualify in FY 2013-14.
- Obtain competitive bids on at least 1 non-instructional service valued at \$50,000 or more for itself or its constituent districts - Adds that the unfunded liability costs for retirement must be excluded from costs when comparing competitive bids.
- Develop a technology plan - Adds for an ISD that developed a plan in FY 2012-13, it must implement that plan to qualify in FY 2013-14.
- Provide a dashboard to parents and the community - Adds additional, required dashboard items including revenue and expenditure projections, list of all debt service obligations by project including anticipated payments for FY 2013-14, and total outstanding debt.
- Work in a consortium with other ISDs to develop system requirements and bid specifications for a statewide model information system - Adds working with CEPI and changes focus to developing local systems that result in a recommended model information system that supports interoperability to ensure linkage and connectivity in a manner that facilitates the efficient exchange of data between districts, ISDs, and CEPI.
- New requirement that ISD act as policyholder for health care services benefits. An ISD that does not directly employ its staff or an ISD with a voluntary employee beneficiary association (VEBA) that pays no more than the maximum allowed under PA 152 of 2011 is considered to have met this requirement.

House includes the Executive language but provides only a \$100 placeholder for best practices grants.

**Sec. 98. Michigan Virtual University – REVISED**

Executive renames the Center for Online Learning and Innovation, which was established in FY 2012-13, as the Michigan Virtual Learning Research Institute. Requires that the Institute do the following: provide professional development to at least 1,000 education personnel on integrating digital learning, provide up to \$2.2 million in competitive grants to ISDs to expand integration of online and blended learning, work with higher education faculty on a new digital learning teacher endorsement, and create a statewide catalog of all online courses at all public schools including course syllabi and a review of each course. House maintains current law with minor changes.

**Sec. 101. Instructional Days and Hours – REVISED**

House deletes for FY 2013-14 the provision allowing up to 38 hours of professional development for teachers as instruction to meet the 1,098 minimum number of hours required and increases the minimum number of days required from 170 to 175 beginning in FY 2014-15.

**Sec. 107. Adult Education – REVISED**

House adds legislative intent to begin allocating grant funds under this section on a competitive basis beginning in FY 2014-15.

**Sec. 147. MPSERS Contribution Rates – REVISED**

Executive reflects employer contribution rates for defined benefit pension and retiree health benefits are now broken out for seven different subgroups based on hire date and benefit and contribution choices made under PA 300 of 2012. For FY 2013-14, rates are based on a 25-year amortization period, and they range from 20.96% to 24.79% of MPSERS payroll. Employer rates do not include contributions into employee defined contribution accounts.

House concurs.

**Sec. 147b. MPSERS Reserve Fund – REVISED**

Executive makes no appropriation into the MPSERS reserve fund, and instead begins to use available funds as a source of revenue under Sec. 147c. Adds new language, which would direct the funds collected in FY 2010-11 and FY 2011-12 for the employee 3% contributions for retiree health care, currently being held in escrow pursuant to a court injunction, to be deposited into the MPSERS reserve fund for the purposes of funding health care unfunded liabilities if the injunction is lifted.

House concurs

**Sec. 147c. MPSERS State Share for Health Care Unfunded Accrued Liabilities – REVISED**

Executive revises such that instead of paying the MPSERS funds directly to the MPSERS system, funding would be distributed to districts and ISDs based on their proportional share of MPSERS payroll. Then districts and ISDs would be required to pay the exact amount back to the MPSERS system.

House concurs.
