## **BACKGROUND AND SUMMARY OF PROPOSED RULES**

Current rules allow the Michigan Public Service Commission to establish and enforce quality standards for the timely and complete transfer of an end user from one provider of basic local exchange to another provider. Pursuant to the enabling statute, 1991 PA 179, rules concerning service quality promulgated under this act sunset after three years. The proposed rules would renew the aforementioned quality standards for telecommunications service before their expiration in calendar year 2019.

## **FISCAL IMPACT OF PROPOSED RULES**

2018-030 LR would not have a significant fiscal impact on any unit of state or local government.
