## **BACKGROUND AND SUMMARY OF PROPOSED RULES**

Part 8 of the Construction Code adopts by reference the 2014 version of the National Electric Code. Pursuant to 1972 PA 230 the Michigan Electric Code must be updated to reflect the most recent National Electric Code, which was revised in 2017. These proposed rule changes would update the adoption by reference to the 2017 National Electric Code, which provides for revised standards and new materials.

## **FISCAL IMPACT OF PROPOSED RULES**

2017-001 LR would not have a fiscal impact on any unit of state or local government.
