# Executive Office

- The Governor is the Chief Executive Officer of the state, the Commander-in-Chief of the state's military establishment, and the Chairperson of the State Administrative Board
- The Governor provides executive program and policy direction, submits annual budget to the Legislature, reviews and recommends statutory changes, appoints members of state boards and commissions, and appoints directors of departments which are not headed by elected officials or commissions
- The Lt. Governor performs gubernatorial functions in the Governor's absence, services as President of the Michigan Senate and as a State Administrative Board member, and represents the Governor and state at local, state, and national meetings

# Key Budget Terms

**Fiscal Year:** The state's fiscal year (FY) runs from October to September. FY 2018-19 is October 1, 2018 through September 30, 2019.

**Appropriation:** Authority to expend funds. An appropriation is not a mandate to spend. Constitutionally, state funds cannot be expended without an appropriation by the Legislature.

**Line Item:** Specific appropriation amount in a budget bill which establishes spending authorization for a particular program or function.

**Boilerplate:** Specific language sections in a budget bill which direct, limit, or restrict line item expenditures, express legislative intent, and/or require reports.

**Lapse:** Appropriated amounts that are unspent or unobligated at the end of a fiscal year. Appropriations are automatically terminated at the end of a fiscal year unless designated as a multi-year work project under a statutory process. Lapsed funds are available for expenditure in the subsequent fiscal year.

Note: Unless otherwise indicated, historical budget figures in this presentation have not been adjusted for inflation.
