Department of State

- The department implements policies of the secretary of state, an elected official who serves a four-year term of office.
- The department administers programs in four major areas:
 - **Motor vehicle transactions:** Drivers' licenses, titles, and registrations for motor vehicles, watercraft, and recreational vehicles
 - **Traffic safety:** Driving tests, license suspensions, and license revocations
 - **Consumer protection:** Inspection, investigation, licensing, and regulation of automobile dealers and repair facilities
 - **Elections:** Regulation and administration of the state's electoral process, training of local election officials, and campaign finance monitoring

Key Budget Terms

Fiscal Year: The state's fiscal year (FY) runs from October to September. FY 2021-22 is October 1, 2021 through September 30, 2022.

Appropriation: Authority to expend funds. An appropriation is not a mandate to spend. Constitutionally, state funds cannot be expended without an appropriation by the legislature.

Line Item: Specific appropriation amount that establishes spending authorization for a particular program or function in a budget bill.

Boilerplate: Specific language sections in a budget bill that direct, limit, or restrict line item expenditures, express legislative intent, and/or require reports.

Lapses: Appropriated amounts that are unspent or unobligated at the end of a fiscal year. Appropriations are automatically terminated at the end of a fiscal year unless designated as a multi-year work project under a statutory process. Lapsed funds are available for expenditure in the subsequent fiscal year.

Note: Unless otherwise indicated, historical budget figures in this presentation have not been adjusted for inflation.
