This report was prepared pursuant to Section 212(3) of Public Act 213 of 2008, the Higher Education appropriations act for fiscal year 2008-09.

Section 212(3) of Public Act 213 states:

"A detailed description of procedures utilized to arrive at the amounts appropriated in part 1 shall be submitted to each institution by the senate and house fiscal agencies."

This report was written by Ellen Jeffries, Deputy Director of the Senate Fiscal Agency, and Kyle I. Jen, Senior Fiscal Analyst of the House Fiscal Agency. Karen Hendrick, Executive Secretary of the Senate Fiscal Agency, prepared the report for publication.

A. UNIVERSITY OPERATIONS

1. FY 2007-08 One-Time Adjustment

There is a technical adjustment to the FY 2007-08 appropriations for the 15 public universities included in the development of the FY 2008-09 budget: the reduction of \$138,736,000 State GF/GP to recognize the one-time repayment to the universities of the August 2007 payment delay.

2. Appropriation Act Format

The FY 2008-09 act retains the budget bill format initially used in FY 2007-08 that separates Higher Education budget line-items into four articles:

- Article 1: Total summary unit for appropriation act;
- Article 2: Research universities (Michigan State, UM-Ann Arbor, Wayne State);
- Article 3: State universities (remaining 12 universities); and
- Article 4: State and regional programs, grants, and financial aid.

During the budget development process, the Governor and the House supported the retention of the "article" format while the Senate passed a bill with all 15 public universities listed in alphabetical order in a single Part 1, with boilerplate language in Part 2.

3. Operations Increase

An increase of 1.0% is added to each university's operations line item. Column 3 of Table 1 lists the dollar amount each university receives. The Governor originally recommended a total increase of 3.0%, with individual university increases ranging from 2.3% to 6.2%, based on a three-part formula. The Senate and House had provided across-the-board increases of 3.0% and 2.7%, respectively. Tables 2 through 4 outline the recommendations of the Governor, Senate, and House. Table 5 shows per-student funding amounts for the 15 public universities.

B. INDIAN TUITION WAIVERS

In FY 1996-97, funding totaling \$2.5 million was added to the base appropriation for each university for costs incurred under Public Act 174 of 1976, the Indian Tuition Waivers Act. Over the last decade, costs paid by the 15 public universities for Indian tuition waivers have continued to increase and, in FY 2007-08, for the first time since FY 1996-97, an appropriation to the universities of \$1.4 million was made explicitly for Indian tuition waivers to offset some of the increased costs. This new appropriation resulted in a total FY 2007-08 Indian tuition waiver allocation of \$3.9 million. During the FY 2008-09 budget process, the House added \$2.4 million for Indian tuition waivers but this funding was not included in the final budget. Table 6 lists, for each university, the FY 1996-97 tuition waiver amount added to the base, the FY 2007-08 allocation amount, the FY 2008-09 1.0% base increase for the tuition waivers, and the resulting total FY 2008-09 Indian tuition waiver allocation.

C. MARTIN LUTHER KING, JR. - CESAR CHAVEZ - ROSA PARKS INITIATIVE

There were no policy changes for the six King-Chavez-Parks Programs for FY 2008-09, and Table 7 provides an overview of the \$5.3 million initiative. Table 8 lists the dollar amounts for each university for the College Day, Future Faculty, and Visiting Professors Programs; the dollar amounts reflect the FY 2008-09 1.0% base increase for each program.

D. AGRICULTURAL EXPERIMENT STATION AND COOPERATIVE EXTENSION SERVICE

The Agricultural Experiment Station (AES) and the Cooperative Extension Service (CES) are agricultural economic programs operated by Michigan State University that provide services throughout the State. Similar to the increases for university operations, 1.0% is added to AES (\$340,000) and CES (\$293,200) for FY 2008-09 total funding levels of \$34.3 million and \$29.6 million, respectively. The Governor and Senate had recommended a 3.0% increase while the House had added 2.7%.

E. MIDWESTERN HIGHER EDUCATION COMPACT

Public Act 195 of 1990 entered Michigan into the Midwestern Higher Education Compact whose mission is to advance Midwestern higher education through interstate cooperation and resource sharing. Twelve states are Compact members: Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota, and Wisconsin. The work of the Compact is financed through annual member state dues and foundation grants. The FY 2008-09 budget includes an increase of \$5,000 to reflect the new annual dues amount of \$95,000. The Governor, Senate, and House all included the dues increase.

F. STATE COMPETITIVE SCHOLARSHIPS

Public Act 208 of 1964 created the State Competitive Scholarship Program, which provides grants of up to \$1,300 annually to students who score well on the American College Test (ACT) and have financial need. The Governor and Senate had recommended no changes for this Program but the House had added \$2.4 million to increase the maximum grant amount to \$1,400. The FY 2008-09 budget does not include the additional funds but does express intent (boilerplate item K.3. below) to secure a 1.0% increase for the State Competitive Scholarships, as well as Michigan Tuition Grants.

G. MICHIGAN MERIT AWARDS

Public Act 94 of 1999 created the Michigan Merit Award Program, which provides merit-based grants of up to \$3,000 to students who scored well on the middle school and high school MEAP test or Merit Exam. The high school class of 2000 was the first eligible graduating class and the class of 2006 was the last. Beginning with the high school graduating class of 2007, Michigan Merit Awards were replaced by Michigan Promise Grants. In order to fulfill Merit Award commitments for previous graduating classes, \$5.2 million is estimated to be needed for FY 2008-09, resulting in an appropriation reduction of \$54.8 million from the initial FY 2007-08 \$60.0 million funding level.

H. MICHIGAN PROMISE GRANTS

Public Act 479 of 2006 created the Michigan Promise Grant Program to provide merit-based grants of up to \$4,000 to students who score well on the high school Merit Exam and/or who complete two years of postsecondary education with at least a 2.5 grade point average. The FY 2008-09 appropriation of \$90.5 million pays for the \$1,000 biennial grants (\$1,000 per year for the first two years of study) for students enrolled in college who scored well on the Merit Exam. Costs of the \$2,000/\$4,000 grants paid after completion of two years of postsecondary education will begin in FY 2009-10.

I. TUITION INCENTIVE PROGRAM (TIP)

Due to an increase in Tuition Incentive Program (TIP) students attending college, the appropriation for TIP is increased by \$4.1 million GF/GP from the initial FY 2007-08 appropriation for the program. The program provides an incentive to Medicaid-eligible middle school and high school students by promising to pay for their college tuition if they graduate from high school. It pays for two years of associate-level tuition costs and up to an additional \$2,000 for study at a four-year institution. There were 10,462 TIP students in FY 2006-07 and approximately 12,000 TIP students in FY 2007-08. The FY 2008-09 TIP appropriation is \$25.2 million, financed from \$15.85 million in Merit Award Trust Fund revenue and \$9.35 million in State GF/GP revenue.

J. FUNDING SHIFTS

In FY 2007-08, the grants and financial aid appropriations included \$3.3 million from State restricted revenue sources that are not available for FY 2008-09: \$1.4 million from Tuition Grant carry-forward funds, \$1.2 million from the Michigan Higher Education Assistance Authority Operating Fund, and \$0.7 million from a State income tax check-off for children of veterans. These State restricted fund sources were replaced with \$3.3 million in State GF/GP revenue.

K. MAJOR BOILERPLATE CHANGES

1. **Postsecondary Student Data System.** A progress report is required regarding the development of student-level data that could be submitted to the Center for Educational Performance and Information. (Secs. 216 and 316)
2. **Conflicts of Interest.** Intent language is added for governing boards of public universities to examine operations for potential conflicts of interest. (Sec. 217)
3. **State Competitive Scholarships and Tuition Grants.** Intent language is added to secure a 1.0% increase for both of these programs. (Secs. 301 and 302)
4. **Future Farmers of America.** \$80,000 of Michigan State University's operations appropriation is earmarked for the Michigan Future Farmers of America Association. (Sec. 434)
5. **Indian Tuition Waivers.** Intent language is added to pay for unfunded Indian Tuition Waiver costs from General Fund/General Purpose unreserved balances at the close of FY 2007-08. (Sec. 451)

6. **Research Commercialization Plan.** If a State university does not submit its plan by January 15, 2009, then that university will not be eligible to receive an allocation from the Technology Commercialization Incentive Fund when it is established. (Sec. 464)
7. **Timely Graduation.** Intent language is added for State universities to provide sufficient counseling and limit changes to general graduation requirements during a student's enrollment, to facilitate timely graduation of all students. (Sec. 471)
8. **Tuition Rebate.** Intent language is added for a State university to rebate to students any amount of the 2007-08 academic year tuition increase that was based on the assumption that the August 2007 delayed payment would not be repaid. (Sec. 472) Table 9 compares the FY 2007-08 and FY 2008-09 resident undergraduate tuition and required fee rates for each of the 15 public universities.
9. **Status of Nursing Education.** A new report from the Department of Labor and Economic Growth is required regarding the number of nursing degree programs offered, available openings for new nursing students, faculty needed to expand nursing education, and any barriers there may be to the employment of more nurses in Michigan. (Sec. 715)

L. CAPITAL OUTLAY

For information purposes, Table 10 lists the Capital Outlay projects for Michigan's public universities that have been authorized since 1992.

Notes: (1) HEIDI instructions for FY 2008-09 require reporting based on 30 credit hours at four class levels: freshmen first enrolled in fall 2008, sophomores in fall 2007, juniors in fall 2006, and seniors in fall 2005; required fees are those paid by a majority of students in a given class. (2) **Central:** Sophomore, junior, and senior students see no increase from 2007-08 as rates are locked per the CMU Promise; Promise does not apply to freshmen, who see a rate increase of 6.6% from 2007-08. (3) **Ferris:** FY 2007-08 sophomore, junior, and senior rates reflect discounted block rate; FY 2008-09 increase is 6.4% based on FY 2007-08 per-credit tuition charges. (4) **Michigan State:** President has the authority to adjust tuition and fee rates in response to the level of State appropriations MSU receives. (5) **Michigan Tech:** FY 2008-09 amounts include new annual "Experience Tech" fee of \$128 which provides access to local recreational facilities. (6) **UM-Ann Arbor:** Rates are for the College of Literature, Science, and Arts.
