

MEMORANDUM

**DATE:** April 9, 2019  
**TO:** Members of the House Appropriations Committee  
**FROM:** Mary Ann Cleary, Director *MAC*  
**RE:** Legislative Transfer Package 2019-2

Attached are legislative transfers proposed by the State Budget Office in a letter dated March 21, 2019. Pursuant to section 393 of the Management and Budget Act, a legislative transfer must be approved by a majority of both the House and Senate Appropriations Committees, with identical funding sources and dollar amounts, in order to become effective.

There are two basic types of legislative transfers, which have different effects on the overall level of appropriations in the state budget.

A **standard legislative transfer** shifts existing spending authorization between line items in a particular budget area, with no net change in total appropriations. Generally, such transfers are proposed when expenditures are higher than originally anticipated in one line item and lower than anticipated in another. These transfers can represent a shift of GF/GP funding between two line items, or merely a shift of spending authorization from same broad category of funding (federal, restricted, etc.) between the line items.

*As shown in the attached table, standard transfers in this package total \$40.3 million, which will shift 0.07% of total appropriations within the existing FY 2018-19 year-to-date state budget.*

A **contingency fund transfer** increases total line item appropriations in a budget area by moving contingency spending authorization from the boilerplate section of a budget act to a specific line item in order to recognize additional federal, private, local, or state restricted revenue that has become available since the original enactment of the budget. Absent the contingency fund transfer mechanism, this type of budget adjustment would be made through a supplemental appropriation bill.

*As shown in the attached table, contingency fund transfers in this package total \$37.9 million, which will increase the FY 2018-19 year-to-date state budget by 0.07%.*

If you have questions about the transfers generally, please contact me. If you have questions about an individual transfer, please contact the HFA analyst assigned to that budget area. We can be reached at 373-8080.

This transfer requests a shift of GF/GP funding and federal funding between the Child Welfare Field Staff - Caseload Compliance line item and the Children's Protective Services Staffing Enhancement line item. PA 618 of 2018 appropriated \$13.9 million GF/GP to a new line item, the Children's Protective Services Staffing Enhancement, and included authorization for 175.0 FTEs for additional Child Protective Services (CPS) staff. Federal funding is needed in this new line item for consistency with the department's current cost allocation plan. This transfer is requested by April 30, 2019.

Total other federal revenues	17,465,400	4,480,641	12,984,759	4,800,000		

This transfer requests \$34.8 million in federal contingency authorization for the Community Substance Abuse Prevention, Education, and Treatment and Federal Mental Health Block Grant line items. This additional federal authority would allow DHHS to recognize federal funding available through the new State Opioid Response (SOR) grant programs in the Community Substance Abuse Prevention, Education, and Treatment line item. The SOR grant would fund addiction prevention programs, increase access to treatment, and support recovery efforts and is the replacement federal grant to the State Targeted Response (STR) to the opioid crisis that DHHS received during FY 2016-17, FY 2017-18, and partially in FY 2018-19. The transfer also reflects an increase in both the annual federal mental health block grant and subsequent carryforward funds in the Federal Mental Health Block Grant line item, which is used for targeted community projects and training that are not covered through the Medicaid program.

This transfer increases the private funds authorization for the Cancer Prevention and Control Program line item, enabling the Department to expend available private revenues \$100,000 in excess of the current authorization. Increased private funds are available from Amanda's Fund for Breast Cancer Prevention and Treatment, first established in 2007. Revenue deposited to Amanda's Fund is from persons making a contribution for breast cancer screening and treatment through the State of Michigan fund-raising vehicle license plate sales pursuant to Public Acts 107 and 108 of 2013, and donated funds including contributions from an income tax check-off included on tax forms for two tax years, 2008 and 2009. The funds will be used for continuation of the existing Breast and Cervical Cancer Control and Navigation Program (BCCCNP), which supports breast and cervical cancer screening, follow-up care and cancer treatment services for low-income women since 1991. A similar transfer was made to the line item in FY 2017-18. The transfer is requested by April 30, 2019. The Executive indicates intent to recommend that a budget adjustment be included for FY 2019-20 which is not currently part of the Executive Recommendation.

Private contingency fund authorization is available for this transfer.

This transfer requests \$600,000 of private contingency authorization within the Medical Services unit. The additional private authority would allow the department to expend civil monetary penalty revenue to support home- and community- based services in the Home Health Services and Medicaid Home- and Community- Based Services Waiver line items. The private revenues are available through civil monetary penalties assessed on home health providers who are found to be out of compliance with federal regulatory requirements. These civil monetary penalties were implemented by the federal Centers for Medicare and Medicaid Services (CMS) in July of 2014 and have been rarely assessed.

This transfer request increases state restricted spending authorization for Firefighter Training Grants by \$300,000 for specialized training courses on mental health and community risk reduction in order to assist firefighters who have experienced or could face traumatic situations during their career. Funding will be disbursed to all 83 counties through a 70% (county population) and 30% (county square millage) formula pursuant to Public Act 291 (MCL 29.374), with a minimum per county allocation of \$17,500. Spending authority is available from state restricted contingency authorization in accordance with PA 207 of 2018, Article XIII, Section 210(2), and sufficient revenues exist within the Fireworks Safety Fund. This transfer is requested by April 30, 2019.

This transfer request increases federal spending authorization in the Office for New Americans line item by \$340,100 to recognize an award (CFDA 93.566) from the federal Office of Refugee Resettlement (ORR) to support a youth mentoring program. This program seeks to promote civic and social engagement, as well as educational and vocational advancement of refugee youth ages 15-24. The amount of this award, as determined by ORR, is based on the number of eligible refugees who were served in Fiscal Year 2017; Michigan served 636 qualifying individuals. A state match is not required and spending authority is available from federal contingency authorization in accordance with PA 207 of 2018, Article XIII, Section 210(1). This transfer is requested by April 30, 2019.

This request transfers \$230,000 Michigan State Waterways Fund capital outlay authorization that is available in the State Boating Infrastructure Maintenance line item to the East Tawas State Harbor, phase III project line item. These additional funds are requested as bids for material and labor costs for the site improvement components of the project have come in higher than originally estimated. This transfer increases the total authorized cost for phase III of the East Tawas State Harbor project from \$6,870,000 to \$7,100,000 (federal share is \$1,650,000; state share is increased from \$5,220,000 to \$5,450,000).

Both accounts in this transfer are FY 2018-19 capital outlay accounts, and this transfer is requested in early spring to ensure that construction can commence on schedule during this year's summer construction season.

This transfer request shifts \$800,000 in state restricted contingency funds to the Branch Operations line item. Of the total, \$300,000 will be utilized to accommodate increased branch staffing and overtime costs due to extended branch hours resulting from weather-related state building closures in January 2019. The remaining resources will be used for contractual increases in janitorial services, security guards, and telecommunication functions. There is sufficient restricted contingency fund authorization and revenue available from the Transportation Administration Collection Fund (TACF) to accommodate this transfer. TACF revenue is available from funds carried forward from the prior two fiscal years from higher than anticipated TACF revenue related to increased record-lookup fee transactions. Spending authority is available for the state restricted contingency authorization in accordance with PA 207 of 2018, Article VIII, Section 701(2). This transfer is requested by March 31, 2019.
