

# MEMORANDUM

**DATE:** December 18, 2002  
**TO:** Members of the House of Representatives  
**FROM:** Jim Stansell, HFA Economist  
**RE:** Revenue Sharing Payments to Local Units

Pursuant to Executive Order 2002-22, attached are estimates of payments to all local units of government for FY 2002-03 and final payments for FY 2001-02. Public Act 528 of 2002 provided an appropriation of \$679,430,000 for constitutional revenue sharing payments and \$844,170,000 for the statutory component. The statutory amount was \$120.6 million below the full-funding level and \$23.8 million below the amount distributed in FY 2001-02.

Reduced estimates of sales tax revenues in November effectively lowered the constitutional payment by approximately \$7.9 million to \$671.5 million. In addition, the Executive Order called for a 3.5% reduction to each local unit's post-formula total revenue sharing payment, thus saving the state \$53.1 million. Although the 3.5% reduction was calculated on both the constitutional and statutory components, the entire \$53.1 million is taken from the statutory amount after the revenue sharing formulas have been applied to ensure that all units share equally in the 3.5% reduction.

The following table summarizes the distribution of revenue sharing payments for FY 2001-02, for FY 2002-03 following the revised November sales tax estimates, and for FY 2002-03 as per the Executive Order.
