Overview

The Department of Licensing and Regulatory Affairs (LARA) is primarily responsible for business regulatory and employment services programs and is organized according to its four principal functions: 1) Licensing and Regulation, which implements and enforces statutory laws and administrative rules pertaining to commercial and occupational, construction and fire safety, healthcare provider and facility, public utility, and liquor regulation; 2) Employment Security and Workplace Safety, which administers unemployment insurance, workers' compensation insurance, occupational safety and health standards, labor and wage laws, and vocational rehabilitation services for the blind; 3) the Michigan Administrative Hearing System (MAHS), a quasi-judicial agency which centralizes and conducts administrative hearings for agencies throughout state government; and 4) the Office of Regulatory Reinvention (ORR), which oversees administrative rule-making and evaluates the state's regulatory infrastructure. The agencies within LARA are primarily supported by various federal grants and revenue generated through numerous fees collected from regulated entities.

Major Budget Changes From FY 2013-14 YTD Appropriations

1. Unemployment Insurance Agency - Customer Service (One-Time)

Executive includes one-time spending authorization to maintain customer services at the Unemployment Insurance Agency (UIA), supported with revenue from the Penalty and Interest Account of the Contingent Fund in which penalties, damages, and interest collected from employers and claimants are deposited. The UIA anticipates that process improvement efforts will enable it to operate within existing federal grant funding by the end of FY 2014-15. In August of 2012, due to the decline in the state's Insured Unemployment Rate during 2012, the federal government reduced the amount of administration grants to the UIA by \$37.2 million, resulting in 402 FTEs being laid-off. The Legislature approved a contingency transfer authorizing \$5.0 million from the Fund to support the maintenance of UIA operations during FY 2012-13. LARA anticipates a similar transfer request for FY 2013-14 dependent upon the level of quarterly supplemental federal grants allocated to the UIA during the year. House concurs.
