Overview

The School Aid budget makes appropriations to the state's 539 local school districts, 294 public school academies, and 56 intermediate school districts (ISDs) for operations and certain categorical programs. It also appropriates funds to the Michigan Department of Education (MDE), Center for Educational Performance and Information (CEPI), the Workforce Development Agency, and other entities to implement certain grants and other programs related to K-12 education.

Major Budget Changes From FY 2017-18 YTD Appropriations

1. Foundation Allowances (Secs. 22a and 22b)

Executive increases by \$312.0 million to provide increases ranging from \$120 to \$240 per pupil using the 2x formula. The minimum foundation allowance would increase from \$7,631 to \$7,871 (3.1%), and the state maximum guaranteed foundation allowance would increase from \$8,289 to \$8,409 (1.4%).

House concurs with Executive.

	FY 2017-18 Year-to-Date (as of 2/7/18)	FY 2018-19 House Change
Gross	\$9,219,300,000	\$312,000,000
Restricted	9,073,560,500	456,656,700
GF/GP	\$145,739,500	(\$144,656,700)

2. Shared-Time Instruction for Nonpublic Pupils (Sec. 23f) – NEW

Executive revises state support of shared-time instruction for nonpublic pupils from a per-pupil foundation allowance to a categorical program. Caps the number of pupils for whom a district is eligible for reimbursement at 5% of the district's per pupil membership and limits participation to pupils in grades 1 to 12, excluding kindergarten. Results in a reduction of \$68.0 million leaving an estimated cost of \$64.1 million.

(See Major Boilerplate Changes below for related Sec. 166b revisions.)

House maintains current law related to shared-time instruction funding. (See Major Boilerplate Changes below for other Sec. 166b revisions.)

Major Boilerplate Changes From FY 2017-18

Sec. 15. State Aid Allocation Adjustments – REVISED

Executive reduces maximum allowable repayment period for district state aid payment deductions resulting from an audit from 9 years to 4 and eliminates option for state Superintendent to waive repayment under certain circumstances, reversing changes made in FY 2017-18.

House does not concur with either of these changes. Additionally, removes the provision allowing MDE to adjust district payments for prior fiscal years if an audit determines payments were incorrect.

Sec. 17c. Grant Process Timeline – NEW

Executive does not include the section.

House adds new section to require MDE to do all of the following for funds appropriated under this article, unless otherwise specified: open grant application or bid process and provide lists of grants and schedules to districts and ISDs and on the MDE website for grants available in the next fiscal year by August 1, close grant application or bid process by October 1, and publish grant or contract awards by November 1. Provides that grants and contracts awarded from funds appropriated under this article are not subject to approval by the state board of education.

Sec. 18(12). Virtual Course Cost Report – REVISED

Executive currently requires that districts report cost information for virtual courses provided through Section 21f. Expands to include cyber schools, whose courses are not offered through Sec. 21f.

House concurs with Executive.

Sec. 19. State and Federal Reporting Requirements – REVISED

Executive in addition to the graduation report information, requires that districts submit data necessary for state and federal accountability reports, both in November and June. Revises June 30 to the last business day in June. Revises required district appeal process for accountability designations to require MDE to utilize data that was certified as accurate and complete after districts and ISDs have adhered to deadlines, data quality reviews, and correction processes leading to local certification of final student data. Changes to allow districts and ISDs to appeal “any calculation errors used in the preparation of accountability metrics” rather than a designation.

House concurs with Executive.

Sec. 22m. Technology Regional Data Hubs – REVISED

Executive maintains current law.

House revises to make participation in technology regional data hubs mandatory by 2020-2021.

Sec. 23f. Shared-Time Pupil Payments – NEW

Executive in addition to capping pupils at 5% of a district’s membership and eliminating kindergarten, requires the following to receive funding:

(a) That a district ensure that all individuals that have student contact as part of a course offered under Sec. 166b have not been convicted of sexual misconduct and receive the same criminal history and criminal records checks as employees of the district as required by state statute.

(b) That a district ensure that if a course offered under Sec. 166b has an associated optional experience, it must be offered on a schedule to make it fully available to the majority of pupils in the district in the same grade level or age groups as the pupils participating in the course under Sec. 166b.

(c) That the district provide MDE information necessary to quantify the following:

- (i) A complete listing of all courses in which students reported for membership in the district have been served.
- (ii) Course enrollments by each participant using local coding and the school codes for the exchange of data (SCED).
- (iii) Identification of the course teacher or mentor.
- (iv) Outcomes for each student in each course.

House does not include this section.

Major Boilerplate Changes From FY 2017-18

Sec. 25e(7). Pupil Transfer Process – Pupils transferring In and Out of State – DELETED

Executive revises current requirement that would require CEPI to report on the number of pupils transferring in and out of the state between the count dates in 2018-2019 to instead require the number of pupils transferring in and out of public schools. Deletes requirement that CEPI discuss the benefits and obstacles to developing a pupil enrollment process to count pupils moving in and out of state between count dates.

House deletes all of subsection (7).

Sec. 31a. At Risk Program – REVISED

Executive expands to add an additional purpose for the program: that districts implement with fidelity a multi-tiered system of supports (MTSS). Condenses MTSS components to the following: (a) Team-based leadership; (b) Tiered delivery system; (c) Selection and implementation of instruction, interventions, and supports; (d) Comprehensive screening and assessment system; and (e) Continuous data-based decision making. House does not add MTSS implementation to program goals but does concur MTSS component revisions.

Executive expands to require that districts comply with MCL 380.1280f and use resources to address early literacy for grades K-12 instead of K-3. Adds focus on numeracy for K-12. Requires a district to implement MTSS in grades K-8 instead of 4-8. House maintains K-3 requirements for MCL 380.1280f. Revises to K-12 for literacy, numeracy and MTSS.

Executive requires that for English learners, a district implement culturally and linguistically responsive teaching strategies focused on academic language development aligned with state English language arts (ELA) proficiency standards. House does not include.

Executive revises consequences beginning in FY 2018-19 for districts that are below the statewide average based on the number of economically disadvantaged pupils proficient in either ELA by the end of 3rd grade or math by the end of 8th grade or career and college ready by the end of 11th grade based on statewide assessments given in FY 2017-18. Requires those districts to meet either the statewide average by FY 2020-21 or see an improvement of at least 10 percentage points in the number of economically disadvantaged pupils who are proficient by FY 2020-21. For a district that fails to meet those goals by FY 2020-21, requires it to conduct an evaluation in coordination with MDE and other stakeholders, adopt a school improvement plan based on recommendations from that evaluation, and spend At Risk funds only in accordance with that plan. House maintains current accountability measures for Grade 3 ELA and Career- and College-readiness and adds one for Grade 8 math to reflect its addition to the program purpose in 2017-2018. Revises so that if one of three metrics is not met than 1/3 of funds would have to be redirected for each rather than 1/2 to recognize the inclusion of a third metric.

Executive increases amount that may be used on professional development to 5% and expands to include implementing a coaching model that supports the MTSS framework. House concurs.

Executive increases share of pupil membership that must be economically disadvantaged from 40% to at least 50% for a district that may use funds for schoolwide reform. Requires that the schoolwide reforms also be tier 1 evidence-based high quality academic, behavioral, and social-emotional instruction, and part of a district's MTSS framework. Schoolwide reforms must be guided by district's comprehensive needs assessment and must feature parent and community supports, activities, and services, which may include Pathways to Potential or Communities in Schools programs. House concurs.

Sec. 32d. Great Start Readiness Program – REVISED

Executive maintains current law.

House revises to prohibit the use of The Creative Curriculum in GSRP programs.

Sec. 32p. Early Childhood Block Grants – RETAINED

Executive revises goals of Home Visit program to delete the reduction of pupils retained in grade level and reduction of pupils requiring special education services and replaces with new goals of improving positive parenting practices and improving family economic self-sufficiency while reducing the impact of high risk factors through community resources and referrals.

House maintains current law.

Sec. 35a. Early Literacy – REVISED

Executive requires the State Superintendent to designate people employed or contracted with funds from this section as critical shortage for the purposes of allowing retirees to work without reducing their pensions under the Public School Employees Retirement Act, MCL 38.1361. However, the critical shortage subsection is currently set to expire on July 1, 2018.

House concurs with Executive. Additionally, adds that by November 1, 2018 a district that receives funding under this section shall report the following: school and grades that were served along with services provided and entity providing each service; pupil proficiency and growth data, both in the aggregate and by subgroup for school, grade, pupils identified as having reading deficiencies, and pupils receiving additional instruction time funded under this section. Revises MTSS program components to mirror the revisions in Sec. 31a.

Sec. 39. GSRP Per Pupil Allocation Formula – REVISED

Executive maintains current law.

House revises to prohibit the application for receiving GSRP funds from requiring an eligible applicant to amend its current accounting cycle or adopt the state fiscal year accounting cycle for financial transactions under section 32d and 39.

Major Boilerplate Changes From FY 2017-18

Sec. 61a. CTE Programs – REVISED

Executive maintains current law.

House adds district and ISD report requirement on the number of male and female program participants and steps a district or intermediate district is taking to reduce the disparity between the number of male and female program participants. Requires the department to compile and summarize the results and provide recommendations to reduce the disparity.

Sec. 61d. Per Pupil Incentive Payment – NEW

Executive defines a CTE program that qualifies for the additional \$25 payments for critical skills programs as one classified under any of the following CIP codes:

(i) 01 – Agriculture

(ii) 03 – Natural Resources and Conservation

(iii) 10 through 11 – Communications Technologies and Computer and Information Sciences

(iv) 14 through 15 – Engineering and Engineering technologies and related fields

(v) 26 – Biological and Biomedical Sciences

(vi) 46 through 48 – Construction Trades, Mechanic and Repair Technologies, and Precision Production

(vii) 51 – Health Professions and related programs.

House does not include this section.

Sec. 104c. State Assessments – REVISED

Executive moves state assessment for science from grades 4 and 7 to 5 and 8. Deletes requirement that MDE approve at least 3 benchmark assessments for district use. Requires MDE to provide guidance to districts on optionally adopting and implementing department-approved benchmark assessments for grades 3 to 7 in ELA and math and to recommend that districts commit to using the same benchmark assessment for no less than 3 years without switching to another benchmark assessment.

House concurs with Executive.

Sec. 104d. Computer Adaptive Tests – REVISED

Executive repealed this section.

House maintains section but adds the following reporting requirements: requires that by December 1, 2018 districts receiving funds report to MDE which tests, tools, and assessments were purchased; and requires that MDE compile that data and report to the Legislature by February 1, 2019.

Sec. 160. Labor Day Waiver Hearing – DELETED

Executive removes MDE's participation in joint public hearings by MDE and the ISD that are required if a district or ISD is applying for a pre-Labor Day waiver.

House repeals this section.

Sec. 163. Educator Certification Requirements – RETAINED

Executive revises to replace references to noncertificated teachers with updated references to Revised School Code requirements for educator certification.

House maintains current law.

Sec. 164g. Legal Action Against the State – RETAINED

Executive establishes a penalty in an amount equal to the amount spent if a district or ISD uses state funding to pay for an expense relating to any legal action initiated by the district or ISD against the state.

House maintains current law.

Sec. 164h. Collective Bargaining Agreement Penalty – RETAINED

Executive establishes a penalty in an amount equal to 5% of a district or ISD's total state aid if it enters into a collective bargaining agreement that does any of the following: Establishes racial or religious preferences; Automatically deducts union dues from paychecks; Is in conflict with any state or federal transparency laws; Uses a method of compensation that does not comply with Sec. 380.1250.

House maintains current law.

Sec. 166b. Shared-Time Instruction for Nonpublic Pupils – REVISED

Executive requires that an applicable curricular offering include optional experiences associated with the curricular offering, and that the optional experience must also be available to the district's full-time pupils in the same grade level or age group. Eliminates kindergarten from allowable shared-time instruction. Revises definition for grades 9-12 nonessential courses from courses other than the specific subjects mentioned or those "that fulfill the same requirement credit requirement" to "those that can fill the same credit requirement".

House does not concur with Executive revisions. Instead, revises to replace the requirement that a curricular offering is available to full-time pupils in the minor's grade level or age group in the district with requirement that the district has published the curricular offering in a course catalog provided to full-time pupils in the minor's grade level or age group or the district has published the offering on its publicly available website. Revises definition for grades 1-8 nonessential course to exclude math, science, social studies, or ELA course "required by the district for grade progression" to "that contains substantially all of the grade level model core academic curriculum content standards". Revises definition for grades 9-12 nonessential courses from courses other than the specific subjects mentioned or those "that fulfill the same requirement credit requirement" to those "that are aligned with the same subject area content expectations".

Major Boilerplate Changes From FY 2017-18

Sec. 167a. School Violence Tip Line Report – NEW

House adds that a district or ISD that operates a tip line must report annually to the Attorney General including whether the tip line operates 24 hours a day, whether it is connected to local law enforcement, and the type and duration required for personnel that operate the tip line. It also would require that each district must designate at least 1 and not more than 2 staff and provide the Attorney General with their contact information at which they can be contacted 24 hours a day, 365 days a year.

		FY 2017-18 Recommendation
