**Overview**

The Higher Education budget, contained in Article III of the compiled School Aid Act, provides funding for operational support of the state's 15 public universities, the AgBioResearch and Extension programs operated by Michigan State University, various financial aid programs for students attending public and independent colleges and universities in the state, and several other smaller higher education-related programs.

**Major Budget Changes From FY 2017-18 YTD Appropriations**

**1. University Operations Funding**

Executive increases operations funding by \$28.6 million School Aid Fund (SAF), a 2.0% increase and individual universities increases range from 1.5 to 3.1%. The increase is distributed under the performance formula, where 50% is allocated based on each university's share of operational funding appropriated in the baseline year of FY 2010-11, while the remaining increase is distributed based on other formula components. Attainment of performance funding would be conditioned on restraining resident undergraduate tuition and fee increases to 3.8% or \$490. Shifts \$120.0 million from GF/GP to SAF.
