**Overview**

The Department of State (DOS) is the oldest department in Michigan state government. It is administered by the Secretary of State, an elected official who serves a four-year term of office and has constitutional and statutory duties. The mission of the DOS is to provide the most efficient and effective services to the people of Michigan by licensing drivers; registering and titling automobiles, watercraft, and recreational vehicles; regulating automobile dealers and repair facilities; registering voters and administering elections; and streamlining the collection of revenue. The DOS serves citizens with programs designed to enhance driver safety, protect automotive consumers, and ensure the integrity of both the motor vehicle administration system and the statewide elections process.
