FROM: Perry Zielak, Fiscal Analyst
RE: FY 2017-18 Public University Performance Funding

The FY 2017-18 Higher Education budget, Article III of 2017 PA 108, appropriates a total of \$28.0 million for performance funding increases for the state's 15 public universities. Performance funding is allocated according to a formula that distributes performance funding as follows:

- 50.0% proportional to each university's share of total operations funding in the baseline year of FY 2010-11.
- 11.1% based on weighted undergraduate completions in critical skills areas (generally, STEM fields).
- 5.6% based on research and development expenditures (applies only to research universities).
- 33.3% based on comparisons with Carnegie classification peers<sup>1</sup> or three-year improvement on four metrics weighted by full-time equivalent undergraduate students:<sup>2</sup>
  - Six-year graduation rate
  - Total degree completions
  - Institutional support as a percentage of core expenditures
  - Percentage of students receiving federal Pell grants.

Obtainment of performance funding is governed by sections 265 and 265a of the budget (MCL 388.1865 and 388.1865a) and conditioned on compliance with four requirements:

- Restraining FY 2017-18 resident undergraduate tuition and mandatory fee increases to 3.8% or \$475, whichever is greater, compared to FY 2016-17.
- Participation in reverse transfer agreements with at least three Michigan community colleges.
- A dual enrollment credit policy that does not consider whether the credits were utilized toward high school graduation requirements in determining acceptance for college credit.

<sup>&</sup>lt;sup>1</sup> To assist with its research and policy analysis, the Carnegie Commission of Higher Education established a classification of colleges and universities that was first published in 1976 and has been revised periodically since then. The performance funding formula utilizes the 2015 Basic Classification, which divides postsecondary institutions into categories based generally on numbers, levels, and types of degrees granted and the amount of research activity. Indiana University's Center for Postsecondary Research is responsible for the Carnegie Classification.

<sup>&</sup>lt;sup>2</sup> The measure is that of undergraduate fiscal year equated students (undergraduate FYES). One FYES is equal to 30 credit hours at the undergraduate level.

• Active participation in the Michigan Transfer Network (an online system that provides transparency regarding course transfer equivalencies among Michigan colleges and universities).

Universities are required to certify compliance with the performance funding conditions by August 31, and under the terms of the budget act, the state budget director has the sole authority to determine if a public university has complied with tuition restraint conditions.

All 15 public universities have submitted their certifications to the state budget director, and, in a letter dated September 13, the state budget director has confirmed compliance with performance funding conditions for all 15.

<u>Attachment 1</u> shows university resident undergraduate tuition and fee rates for FY 2017-18 along with comparable figures for FY 2016-17. University tuition and fee rates are computed as unweighted averages; rates for full-time undergraduate enrollment in FY 2017-18 range from \$9,819 at Saginaw Valley to \$16,661 at Michigan Tech. The overall average rate is \$12,885, up from \$12,416 in FY 2016-17. Percentage increases range from 2.94% to 5.04%. The unweighted average increase for all 15 universities is 3.78%.

<u>Attachment 2</u> shows performance funding allocated for each university. The overall increase from FY 2016-17 is 2.0% (\$28.0 million). Funding increases for individual universities range from 1.5% to 2.7%.

Please contact me if you have any questions or would like additional information.

## ATTACHMENT 1 FY 2017-18 Resident Undergraduate Tuition/Fee Rate Increases

General Notes:

1) Per HEIDI reporting requirements, and consistent with Sec. 265 of budget act, rates are reported based on four class levels. Rates are based on 30 credit hours (15 in Fall, 15 in Winter/Spring) and exclude fees not paid by a majority of students in a given class (most course fees), as well as refundable fees.

2) FY 2017-18 resident tuition rate increase is restrained to either 3.8% or \$475.

## FY 2017-18 University-Specific Notes

Michigan Tech: Assumes engineering/computer science majors (majority of MTU enrollment)

UM-Ann Arbor: Rates are for College of Literature, Science, and Arts

UM-Dearborn: Rates are for College of Arts, Sciences, and Letters

Sources: University websites, University tuition restraint responses

\*Requirements to receive funding increase:
 1. Restrain FY 2017-18 resident undergraduate tuition/fee rate increase to 3.8% or \$475 (whichever is greater)
 2. Participate in at least three reverse transfer agreements with community colleges
 3. Maintain a dual enrollment credit policy that does not consider whether credits were used toward high school graduation
 4. <u>Actively</u> participate in and <u>submit timely updates to</u> the Michigan Transfer Network
