--	--	-------------------------------

1. One-Time Funding for Training New Custody Staff

Executive includes a one-time appropriation of \$10.5 million GF/GP to train an additional 408 corrections officers to meet projected attrition needs. Funding supports salary and payroll costs of new officers while they participate in training, as well as costs for uniforms, training materials, certifications, food, travel, and lodging. (Travel and lodging is paid during training if participants live away from the facilities to which they are assigned.) Between 50 and 55 custody staff are projected to retire each month in the next year. With the additional funding added to the FY 2018-19 base of \$9.5 million, the department would be able to train roughly 779 new officers in FY 2019-20. House does not include a line item appropriation, but includes boilerplate section 226 which directs the department to expend \$7.4 million of unexpended work project appropriations for training new custody staff.

Medicaid is seen as the standard of care for the department. Funding would be used to begin treating prisoners identified with metavir scores of F1 and F0. House includes an additional \$100.
