Dear Mr. Crawford,

I am the owner of Primo Fireworks in the state of Pa. I am asking that you support your state Bill. I would like to come to your state, purchase property , hire employees and start a business in Michigan. I have a store in Clarksville, Indiana too.

We would spend a couple million dollars start up money in your state on a year round retail store. We would hire a minimum of ten full time and twenty part-time workers.

I am one out of many vendors who want to be a part of Michigan. We are governed by Consumer Product Safety and have a great track record.

I ask that you please support this Bill. It will bring much revenue to your state. Thank you for your consideration.

Best Regards,

Joseph Monteforte

Primo Fireworks/Spectacular Fireworks/ Powder Keg Fireworks
