This includes the provision of physical and mental health care, education, food service, transportation, and reintegration programs. The department is also responsible for the supervision of all parolees and probationers under department jurisdiction and has oversight over community corrections programs and other programs designed to encourage alternatives to prison placement for appropriate offenders. As of January 31, 2014, the department was responsible for 109,199 Michigan offenders: 43,507 prisoners, 47,725 probationers, and 17,967 parolees.

Major Budget Changes From FY 2013-14 YTD Appropriations

1. Healthy Michigan Plan Savings

Executive reflects a net positive adjustment of \$5.1 million GF/GP related to implementation of the Healthy Michigan Plan under the Affordable Care Act. A three-quarter year savings of \$24.2 million GF/GP was built into the FY 2013-14 budget through Public Act 107 of 2013. It has since been determined that certain costs relative to treatment of sex offender and substance abuse disorders will not be eligible for Medicaid reimbursement, which requires a portion of the savings originally taken to be restored. Full-year savings in FY 2014-15 are estimated to be \$19.1 million GF/GP. House concurs. Senate concurs.
