Overview

The state transportation budget supports state and local highway programs, public transportation programs, aeronautics programs, and administration of the Michigan Department of Transportation (MDOT). Historically, two-thirds of the revenue in this budget has come from state restricted revenue, with approximately one-third from federal sources. State-restricted revenue in this budget includes revenue from motor fuel taxes, vehicle registration taxes, and from a \$600.0 million earmark of Income Tax Act revenue. Approximately \$3.7 billion in state restricted revenue is first credited to the Michigan Transportation Fund (MTF) and then distributed in accordance with 1951 PA 51 ("Act 51") to other state transportation funds and programs, including the State Trunkline Fund (STF), the Comprehensive Transportation Fund (CTF), and local road agencies (county road commissions and cities/villages). Revenue from aviation fuel and registration taxes, as well as a portion of Airport Parking Tax revenue, is credited to the State Aeronautics Fund for aeronautics programs. Federal funds for transportation programs are authorized under the federal Infrastructure Investment and Jobs Act (IIJA).

Major Budget Changes from FY 2022-23 YTD Appropriations

1. Debt Service

Executive includes \$343.7 million for debt service on bonds issued under a pledge of state restricted revenue – a net increase of \$118.4 million as compared to current year. Debt service primarily relates to previously issued and outstanding bonds, although part of the increase relates to debt service for STF bonds MDOT anticipates issuing in 2023 as part of the Rebuilding Michigan bond program.

	FY 2022-23 Year-to-Date (as of 2/8/23)	FY 2023-24 House Change
Gross	\$225,300,500	\$118,439,600
Restricted	225,300,500	118,439,600
GF/GP	\$0	\$0

Debt service is made from different restricted fund sources (STF, Blue Water Bridge Fund, CTF, Local bridge fund, State Aeronautics Fund, or Transportation Economic Development Fund (TEDF)) based on the use of the original bond proceeds. While TEDF-related debt service falls by \$6.0 million, and debt service for CTF-backed bonds would end entirely, STF-related debt service would increase by \$124.5 million as compared to the current year. House concurs with Executive.

2. Baseline Staffing and STF Funding Increases	FTE	2,879.3
<u>Executive</u> increases staffing authorization by 165.0 FTE positions across a number of STF-funded operating and service line items, and increases funding by \$9.1 million STF to better align funding with FTE authorization. Specific increases by line item:	Gross	\$638,520,400

	GF/GP	\$0
		165.0
		\$9,081,000
		9,081,000

Business Support: 4.0 FTEs, \$588,200; Commission Audit: \$1.2 million, (no increase in FTE authorization); Office of Transportation Economic Development: 1.0 FTE, \$111,600; Finance, Contracts, Support Services: 10.0 FTEs, \$1.6 million; Planning Services: 3.0 FTEs, \$489,900; Design/Engineering: 139.0 FTEs, \$4.3 million; Maintenance Operations: 8.0 FTEs, \$879,700.

In addition to the STF-funded lines, the request for Office of Rail includes an additional 2.0 FTE positions and a \$300,500 increase in CTF support.

House concurs with Executive.

3. State Trunkline Maintenance	FTE	901.7	0.0
<u>Executive</u> increases STF support by \$21.7 million to recognized increased costs associated with maintenance materials and contract services. <u>House</u> concurs with Executive.	Gross	\$443,561,300	\$21,698,500
	Restricted	443,561,300	21,698,500
	GF/GP	\$0	\$0

4. Design and Engineering Services – Budget Realignment	FTE	1,572.3	0.0
<u>Executive</u> shifts federal and state restricted funding between the capital State Trunkline Road and Bridge line item and Design and Engineering operating line items. See corresponding action in Item #5, below.	Gross	\$190,254,100	\$58,857,400
<u>House</u> concurs with Executive.	Federal	23,529,800	(10,000,000)
	Restricted	166,724,300	68,857,400
	GF/GP	\$0	\$0

Note that these fund shifts affect only the internal structure of the budget and do not affect actual funds available for the capital trunkline road and bridge construction program.

5. Road and Bridge Program – Revenue Adjustments/Fund Shift	Gross	\$1,661,869,600	(\$162,230,600)
<u>Executive</u> funding for the capital State Trunkline Road and Bridge Construction line item would decrease by a net \$162.2 million: federal funds would increase by \$10.0 million while state restricted funds would decline by a net \$172.2 million. The change in this program line item is due to: increases in restricted revenue recognized in the budget, \$53.3 million; the Design/Engineering budget realignment described in Item #4 above, (\$58.9 million); increases in other STF-funded line items totaling \$158.7 million (including \$124.5 million STF debt service increase). GF/GP	\$0	\$0	\$0	\$0	\$0

The table reconciles the FY 2023-24 net change in the State Trunkline Road and Bridge Construction line item with the elements that effected that change:

Key:

1. Increase in estimated STF revenue
2. Increase in Blue Water Bridge Fund revenue recognized in the budget.
3. Design/Engineering Budget realignment described in Item #4
4. Increase in STF Debt service
5. Other STF line item budget changes including staffing increases, maintenance costs increases, etc.

6. MTF to Local Road Agencies

Executive includes \$1.95 billion in estimated MTF distribution to local road agencies (county road commissions, and cities and villages), \$39.0 million more than the current year. This reflects the Act 51 distribution of estimated MTF revenue from motor fuel and vehicle registration taxes as well as local road agency share of \$600.0 million earmarked for road and bridge programs in the Income Tax Act. The actual distribution will be based on actual MTF revenue collections. House concurs with Executive.

Gross	\$1,910,975,400	\$39,028,900
Restricted	1,910,975,400	39,028,900
GF/GP	\$0	\$0

7. Transportation Economic Development Fund (TEDF)

Executive includes \$55.4 million for the TEDF program, an increase of \$9.4 million from the current year. The increase primarily reflects a \$6.0 million reduction in TEDF debt service, as well as increases in estimated interest earnings on the TEDF balance.

Gross	\$45,951,000	\$9,418,000
Restricted	45,951,000	9,418,000
GF/GP	\$0	\$0

The TEDF/Target Industries categorical program (Category "A") would increase by a total of \$7.4 million. Of this increase, \$4.2 million reflects the Category A share of the \$9.4 million total TEDF increase, and \$3.0 million is due to shift of \$3.0 million from the TEDF/Community Service Infrastructure program (Category "B") to Category A. The Category B program and \$3.0 million funding earmark, established in 2018 PA 473, sunset at the end of FY 2022-23. The TEDF program is a targeted transportation program established and governed by statute, 1987 PA 231. House concurs with Executive.

Sec. 1010. New Technology/Mobility Grants – NEW

House includes new section that defines the uses of the \$42.5 million part 1 appropriation:

- (a) \$20.0 million for aerial mobility/ drone infrastructure projects including drone hubs, drone ports, and last mile delivery.
- (b) \$5.0 million for Michigan Mobility Fund Platform and Mobility Public-Private Partnership and Programming projects.
- (c) \$5.0 million an inductive charging interoperability pilot project.
- (d) \$7.5 million for a Lake Michigan Electric Vehicle Circuit Tour project.
- (e) \$5.0 million for a Michigan e-bike purchase incentive program.

The section directs that in implementing the appropriations the department work with Office of Future Mobility and Electrification.

Sec. 1011. MI Contracting Opportunity – NEW

Executive budget included \$3.0 million Mi Contracting Opportunity line item and related boilerplate. The section directs that funds be expended in support of activities that enhance the development and availability of contractors or suppliers for the delivery of department programs that are socially or economically disadvantaged as defined in Section 100002 of IIJA. Also provides for a revolving loan program and revolving loan fund established within the department. House concurs with Executive language for the \$5.0 million program established in House bill.

Sec. 1012. Local Disaster Relief Fund – NEW

House includes new boilerplate appropriation, not reflected in the part 1 summary to appropriate an amount not to exceed \$20.0 million for a local disaster relief fund. The section directs that the local disaster relief fund provide funding for a local disaster relieve program intended to provide grants to local road agencies in response to natural disasters and other emergency events that affect transportation infrastructure or operations. The section indicates that the intent of the current legislature that the legislature made provide appropriations in subsequent fiscal years to maintain a fund balance sufficient to respond to disasters and emergencies impacting local road agency infrastructure and operations.

Sec. 1013. Air Service/Airport Revitalization Grants – NEW

House includes new section that defines the uses of the \$7.0 million part 1 airport grant program:

- (a) \$5.0 million for air service development, air service connectivity, and service retention.
- (b) \$2.0 million for capital development projects at general aviation airports in this state. Capital development projects include obstruction removal, pavement rehabilitation, fuel facility construction, and terminal improvements.
