Number of individuals served with Mild to Moderate

SERVING MORE WITH LESS

CCBHCs are currently serving nearly 40% more individuals than at baseline with only 20% more staff. Meanwhile, the reporting CCBHCs had an average of 54 vacancies they were actively recruiting for but could not fill due to continued workforce shortages.

54 vacancies on average

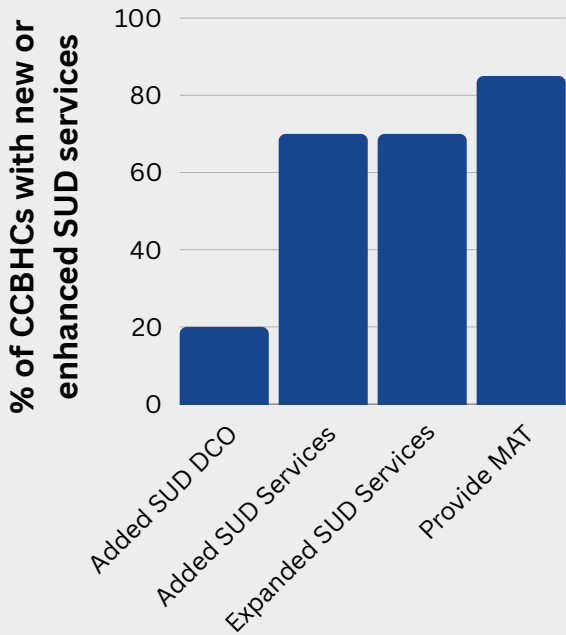

At baseline, CCBHCs averaged one staff person per every 17 people served. Today, the average is one staff person per 20 people served.

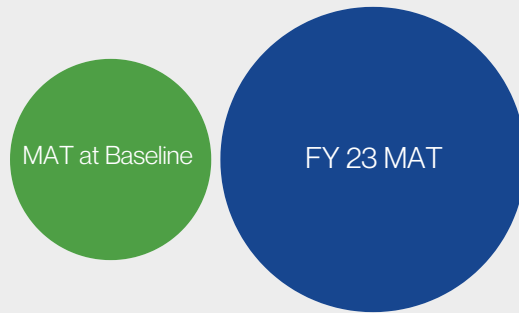

IMPROVED ACCESS TO SUD SERVICES

MAT is offered at 85% of clinics and there's been a 128% increase in provision of MAT services. 91% have increased access through adding SUD programs, adding staff competent to serve SUD or expanding capacity of existing programs.
