## APPROPRIATIONS AND FUND SOURCES

### **Appropriation**

Authority to expend funds. An appropriation is not a mandate to spend. Constitutionally, state funds cannot be expended without an appropriation by the Legislature.

### **Gross Appropriations**

Total spending authority from all revenue sources.

### **Interdepartmental Grant (IDG) Revenue**

Funds received by one state department from another state department—usually for service(s) provided.

### **Adjusted Gross Appropriations**

Gross appropriations excluding IDGs; avoids double counting when adding appropriation amounts across budget areas.

### **Federal Revenue**

Federal grant or match revenue; generally dedicated to specific programs or purposes.

### **Local Revenue**

Revenue received from local units of government for state services.

### **Private Revenue**

Revenue from individuals and private entities, including payments for services, grants, and other contributions.

### **State Restricted Revenue**

State revenue restricted by the State Constitution, state statute, or outside restriction that is available only for specified purposes; includes most fee revenue.

### **General Fund/General Purpose (GF/GP) Revenue**

Unrestricted general fund revenue available to fund basic state programs and other purposes determined by the Legislature.

## MAJOR STATE FUNDS

### **General Fund**

The state's primary operating fund; receives state revenue not dedicated to another state fund.

### **School Aid Fund (SAF)**

A restricted fund that serves as the primary state funding source for K-12 schools and Intermediate School Districts. Constitutionally, SAF revenue may also be used for postsecondary education.

### **Budget Stabilization Fund**

The Countercyclical Economic and Budget Stabilization Fund (also known as the "rainy day fund"); the Management and Budget Act provides guidelines for making deposits into and withdrawals from the fund.

## STATE BUDGET TERMS

### **Fiscal Year**

The state's fiscal year (FY) runs from October to September. FY 2016-17 is October 1, 2016 through September 30, 2017.

### **Line Item**

Specific appropriation amount in a budget bill which establishes spending authorization for a particular program or function.

### **Boilerplate**

Specific language sections in an appropriation bill which direct, limit, or restrict line-item expenditures, express legislative intent, and/or require reports.

### **Lapse**

Appropriated amounts that are unspent or unobligated at the end of a fiscal year. Appropriations are automatically terminated at the end of a fiscal year unless designated as a work project. Lapsed funds are available for expenditure in the subsequent fiscal year.

### **Work Project**

Account authorized through statutory process which allows appropriated spending authorization from one fiscal year to be utilized for expenditures in a succeeding fiscal year or years for a specific project or purpose.
