### Supporting the Industry

- Increase Michigan's forest economic data and tools through partners:
  - Creating a forest economic report
  - Working with partners to improve market analysis and expansion of exporting
  - Working to increase forest investment
  - Increasing wood supply on federal forests

---

---

---

---

---

---

---

---

### Upgrading Technology

- Replace timber sale software
- Upgrade field technology and tools
- Focus on efficiency and customers

---

---

---

---

---

---

---

---

### Increasing Forestry Education & Outreach

- Attract investors
- Raise awareness
  - World-class natural resources
  - Forestry's economic contribution to Michigan
  - Sustainable management

---

---

---

---

---

---

---

---

### Other FRD Improvements

- Regeneration and Cultivation
  - Improved equipment
- Fire control
  - Partnerships with volunteer fire departments

---

---

---

---

---

---

---

---

### We're On Our Way

- Moved from \$14 billion to \$16.3 billion
- Attracting potential investors
- Increasing industry cooperation
- Improving cutting-edge technology
- Leading in sustainable natural resource management

Public land ensures a vibrant forest economy.
