**Overview**

The Department of Corrections is responsible for the operation and maintenance of the state's 34 correctional facilities that house felony offenders sentenced to prison. This includes the provision of physical and mental health care, education and other prisoner programs, and reintegration programs. The Department is also responsible for the supervision of all parolees and probationers under Department jurisdiction and has oversight over community corrections programs and other programs designed to encourage alternatives to prison placement for appropriate offenders. As of September 30, 2010, the Department was responsible for 125,231 Michigan offenders: 58,497 probationers, 44,092 prisoners, and 22,642 parolees.

**House Changes**

**Major Budget Changes From FY 2010-11 YTD Appropriations**

**1. Closure of Crane and Mound Correctional Facilities**

House provides for the closure of both the Crane and Mound Correctional Facilities. Full-year closure savings of \$26.1 million are included for Crane, which is scheduled to be closed in June 2011 pursuant to the Executive budget recommendation. The budget also assumes the closure of Mound in January 2012 and includes direct partial-year savings of \$19.5 million. However, the department is allowed to retain \$14.0 million in the Inmate Housing Fund line item to accommodate Mound prisoners in other facilities, so net savings from the Mound closure equates to \$5.5 million.

**2. Reinvestment of Crane Closure Savings**

House concurs with an Executive to reinvest some of Crane closure savings within the budget. Budget provides \$2.9 million to finance 32 additional corrections program coordinator positions across prison facilities. These coordinators are responsible for developing prisoner programming and ensuring that prisoners complete programming. In addition, \$2.7 million is added to four prison line items to address anticipated personnel cost increases related higher average seniority among staff following the Crane closure. Total reinvestment in the House proposal is \$5.6 million, slightly below the \$7.2 million recommended by the Executive.

<b>3. Cost-Effective Housing Initiative</b>	<b>Gross</b>	<b>N/A</b>	<b>(\$9,581,300)</b>	<b>\$0</b>
<u>House</u> includes \$47.9 million in a new Cost-Effective Housing Initiative line item aimed at exploring more cost-effective methods of housing prisoners. Related boilerplate requires funding to be used to house prisoners in the most cost-effective manner possible, including the use of public-private partnerships, privately-owned facilities, and the re-use of recently closed facilities. The direct appropriation is offset by a negative appropriation of \$57.5 million in the Inmate Housing Fund line item which represents anticipated savings in general prison operations from the initiative. Net savings from the initiative would be \$9.6 million.	GF/GP	N/A	(\$9,581,300)	\$0
<b>4. Prison Operation Efficiencies</b>	FTE	10,869.9	0.0	0.0
<u>House</u> reduces appropriations for prison facilities and regional offices by 1.5% from Executive recommended levels. Reductions are applied to each facility line item, but exclude Mound, Crane, and the Special Alternative Incarceration Facility. The proposal reduces total prison operation funding by \$16.2 million. <b>5. Programming for Parole-Eligible Prisoners</b>	Beds	N/A	(220)	0
<u>House</u> adds \$1.6 million to the Health Care Clinical Complexes line items to provide additional resources toward prisoner programming, particularly assaultive offender and sex offender programs, that are often needed for prisons to achieve parole. The Department revealed that over 1,000 prisoners currently past their earliest release date have not completed this programming despite the need. Budget assumes offsetting savings of \$5.5 million, which assumes program completion and parole for around 220 prisoners.	<b>Gross</b>	<b>N/A</b>	<b>(\$3,918,700)</b>	<b>\$0</b>

<b>6. County Jail Reimbursement Diversion Savings</b>	<b>Gross</b>	<b>N/A</b>	<b>(\$4,500,000)</b>	<b>\$0</b>
Maintains current year appropriation of \$16.6 million for county jail reimbursement program, but restructures reimbursement and eligibility provisions in boilerplate. Separate appropriations finance reimbursement to each sentencing guideline tier to expand potential reimbursements for offenders more likely to have been otherwise sentenced to prison. If the program is fully utilized, the restructuring would result in prison operations savings of around \$4.5 million.	GF/GP	N/A	(\$4,500,000)	\$0
<b>7. Privatization of Special Alternative Incarceration Facility</b>	<b>Gross</b>	<b>\$10,965,800</b>	<b>(\$1,000,000)</b>	<b>\$0</b>

<b>10. Prison Food Service Privatization and Efficiencies</b>			
<u>House</u> concurs with <u>Executive</u> in reducing food service funding by 14% for FY 2011-12 in anticipation of savings resulting from bidding out food service functions to a private vendor and from continued supply chain cost savings. Assumes \$7.0 million GF/GP savings for FY 2011-12 from implementation of competitively bid food service contract, which would result in the elimination of 402 FTE positions. Another \$2.5 million GF/GP savings is expected to be achieved through supply chain reforms, including the statewide standardization of food menus in correctional facilities which has helped lower food and warehousing costs. Additional privatization savings are projected for FY 2012-13.	FTE 414.0	0.0	(402.0)

<b>11. Privatizing Prisoner Store Operations</b>			
<u>House</u> and <u>Executive</u> include savings to be generated through competitive bidding of prisoner store operations. Currently, direct prisoner store operational costs are financed through store-generated revenues. However, the private contract will utilize kiosk technology to interface with the accounting system, which will allow for some consolidation in accounting operations and result in GF/GP savings. The action will eliminate 75 prisoner store storekeeper positions and another 35 accounting/procurement positions within prison facilities and MDOC central office. Implementation of a private contract is expected by January 2012.	FTE 110.0	(35.0)	(75.0)

<b>12. Elimination of Lieutenant Positions</b>			
<u>House</u> concurs with <u>Executive</u> proposal to eliminate one lieutenant position from each shift at each state correctional facility, resulting in a net reduction of 81 FTE positions and savings of \$8.5 million GF/GP statewide.	FTE 10,869.9	(81.0)	0.0

<b>13. Neal Settlement Agreement</b>			
<u>House</u> and <u>Executive</u> provide increase of \$5.0 million GF/GP for FY 2011-12 and another \$5.0 million GF/GP for FY 2012-13 to cover payments arising out of a settlement agreement related to a lawsuit brought by female inmates alleging sexual harassment within MDOC facilities. Annual settlement payment of \$15.0 million for FY 2011-12 will increase to \$20.0 million for FY 2012-13 and FY 2013-14, with a final payment of \$25.0 million in FY 2014-15.	<b>Gross \$10,000,000</b>	<b>\$5,000,000</b>	<b>\$5,000,000</b>

<b>14. New Custody Staff Training</b>			
<u>House</u> reduces funding for New Custody Staff Training by \$2.5 million GF/GP. Increased funding should allow for the training of around 60 new corrections officers during FY 2011-12. The MDOC indicates normal attrition for corrections officers varies from 600-800 officers per year. However, prison closures would offset some of the need for newly trained officers. <u>Executive</u> had proposed a \$3.5 million increase for this purpose.	<b>Gross \$3,623,800</b>	<b>(\$2,500,000)</b>	<b>\$0</b>

<b>16. Early Retirement Incentive Savings</b>	FTE	N/A	(103.0)	0.0
<u>House</u> and <u>Executive</u> remove funding associated with 103 FTE positions that will remain unfilled after being vacated by state employees who accepted the early retirement incentive offered last year. The Department of Corrections saw 434 employees retire as a result of the incentives. Certain positions that involve direct contact with prisoners (e.g. corrections officers, nurses, teachers, parole officers) will be replaced on a one-for-one basis. However, other positions will be replaced on a one-for-two basis, which is the source of these savings.	<b>Gross</b>	<b>N/A</b>	<b>(\$8,821,900)</b>	<b>\$0</b>

<u>House</u> retains public works programs at MDOC facilities, but provides in boilerplate that the full costs of all public works programming are to be borne by the public or private entity that benefits from these services. <u>House</u> concurs with <u>Executive</u> in shifting \$3.0 million in financing for Field Operations programs from restricted revenue to GF/GP revenue to account for current restricted revenue shortfalls. Appropriations from parole/probation oversight fees and tether participant contributions are reduced by \$2.0 million and \$1.0 million, respectively, to better reflect expected revenue in these areas. **Major Boilerplate Changes From FY 2010-11**

*NOTE: No new boilerplate is proposed for FY 2012-13.*

**Sec. 211. Authority to Collect and Spend Certain Reimbursement Revenue – REVISED**

Allows MDOC to collect revenue in excess of appropriations and to use the revenue to offset expenses associated with related programs such as parolee loans or academic/vocational services. Executive and House add public works programs and services provided to local units of government to list of programs and deletes language placing restrictions on use of money collected from parolees and probationers for restitution. House also requires new reporting on fee collections.

**Sec. 235. Corrections Expenditure Reductions – REVISED**

Expresses intent that MDOC reduce expenditures by following specified Auditor General recommendations and by continuing the supply chain transformation process. New House language references recent Auditor General findings on MDOC pharmaceutical costs.

**Sec. 237. Department Procurement Processes – NEW**

Requires MDOC to abide by statute and administrative rules regarding procurement requests and to communicate with the Department of Technology, Management, and Budget to ensure proper use of delegated purchasing authority. Requires reporting if requests for proposals are delayed due to improper use of purchasing authority.

**Sec. 238. Repurposing of Closed Correctional Facilities – NEW**

Expresses intent that MDOC make additional efforts to sell, rent, or otherwise repurpose closed correctional facilities.

**Sec. 239. Audit of Vendor and Contract Payments – NEW**

Requires MDOC to solicit proposals for auditing of vendor and contract payments and recovery of improper payments for at least the prior three fiscal years; requires report to Subcommittees on results, findings, and amounts recovered.

**Sec. 406. Prisoner Re-entry Pilot Program with Faith-Based Organization – NEW**

Conditions the expenditure of appropriations reinvested from Crane closure on the establishment of a pilot program of at least \$2.0 million to contract with faith-based non-profit agencies with established prisoner re-entry programs. Requires reporting comparing outcomes of faith-based pilot services with other MPRI services.

**Sec. 410. Residential Services Per Diem Rates – REVISED**

Revises language in section 410(3) to eliminate the \$48.50 per diem for residential services providers that achieve accreditation. New language provides a \$47.50 per diem for all providers.

**Sec. 414. County Jail Reimbursement Program – REVISED**

House revises the funding structure, eligibility standards, and reimbursement levels for the County Jail Reimbursement Program. While the total appropriation is maintained at \$16.5 million: Three separate appropriations are provided for each class of offender based on their sentencing guideline scores. Eligibility standards are consistent with the standards in place during FY 2009-10 which removed eligibility for offenders convicted of non-person class F crimes. Per diem reimbursement rates are \$40 for offenders with Group 2 straddle cell guideline scores, \$55 for those with Group 1 straddle cell guideline scores, and \$65 for those with presumptive prison guideline scores. Under current law, counties were given the choice between the eligibility/reimbursement standards in place during FY 2009-2010 (with \$35/\$50/\$60 tiered per diem reimbursement) and the eligibility/reimbursement standards in place in previous years which paid a flat \$43.50 per diem without regard to guideline score. In addition, Executive and House both eliminate language requiring the convening of a reimbursement committee made up of Subcommittee Chairs and stakeholders to review whether all eligible claims can be met with existing appropriated funds.

**Sec. 426. Employment in Recycling Programs for Parolees – REVISED**

Allocates \$500,000 to non-profit agencies with established public utility asset recovery recycling programs, and requires hiring at least 45% returning citizens through the funded program. House language makes revisions to clarify the intent of the language and references a new appropriation line item for the program.

**Overview**

Article VI of the State Constitution of 1963 forms the basis for Michigan's judicial branch of government, which receives funds appropriated through the budget act for the Judiciary. The Judiciary budget provides operational funding for the Michigan Supreme Court, Court of Appeals, and related judicial agencies. The budget also funds the salaries of justices of the Supreme Court and judges of the appeals, circuit, probate, and district courts according to constitutional and statutory requirements. Assistance for local court operations is provided through a variety of grant programs. The largest of these, the Court Equity grant program, reimburses counties for trial court operations based on a statutory formula that recognizes circuit and probate caseloads and the numbers of judgeships.
