funding to implement the curfew monitoring program to be
administered by the department. The curfew monitoring program is
intended to provide sentencing judges and county sheriffs in
coordination with local community corrections advisory boards
access to the state's curfew monitoring program to reduce prison
admissions and improve local jail utilization. The department shall
determine the appropriate distribution of the curfew monitor units
throughout the state based upon locally developed comprehensive

(j) Analysis of the impact on prison admissions and jail utilization and the cost effectiveness of the program.

Sec. 612. (1) The department shall review and revise as necessary policy proposals that provide alternatives to prison for offenders being sentenced to prison as a result of technical probation violations and technical parole violations. To the extent the department has insufficient policies or resources to affect the continued increase in prison commitments among these offender populations, the department shall explore other policy options to allow for program alternatives, including department or OCC-funded programs, local level programs, and programs available through private agencies that may be used as prison alternatives for these offenders.
(2) By April 1, the department shall provide a report to the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget director on the number of all parolees returned to prison and probationers sentenced to prison for either a technical violation or new sentence during the preceding fiscal year. The department shall measure and set the following metric goals:

(a) 85% of participants successfully complete the program.
(b) Of the participants that complete the program, 75% will earn a nationally recognized credential for career and vocational programs.

Sec. 803. (1) The department shall assure that all prisoners, upon any health care treatment, are given the opportunity to sign a release of information form designating a family member or other individual to whom the department shall release records information regarding a prisoner. A release of information form signed by a prisoner shall remain in effect for 1 year, and the prisoner may elect to withdraw or amend the release form at any time.
(2) The department shall assure that any such signed release forms follow a prisoner upon transfer to another department facility or to the supervision of a parole officer.

(3) The form shall be placed online, on a public website managed by the department.

Sec. 804. The department shall report quarterly to the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget director on prisoner health care utilization. On a quarterly basis, the department shall issue a report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget director showing for the previous 4 quarters the total amount spent on specialty medication for the treatment of Hepatitis C, the number of prisoners that were treated, the amount of any rebates that were received from the purchase of specialty medication, and what outstanding rebates are expected to be received.
Sec. 812. (1) The department shall provide the department of health and human services with a monthly list of prisoners newly committed to the department of corrections. The department and the department of health and human services shall enter into an interagency agreement under which the department of health and human services provides the department of corrections with monthly lists of newly committed prisoners who are eligible for Medicaid benefits in order to maintain the process by which Medicaid benefits are suspended rather than terminated. The department shall assist prisoners who may be eligible for Medicaid benefits after release from prison with the Medicaid enrollment process prior to release from prison.

(2) The department shall provide the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget director with quarterly updates on the utilization of Medicaid benefits for prisoners.

CORRECTIONAL FACILITIES ADMINISTRATION

Sec. 901. The department, working with the department of technology, management, and budget, shall determine the costs of entering into an agreement to lease or purchase a private correctional facility to be operated by the department, as well as the costs of reopening a closed correctional facility already owned by the department to determine if it would be in the best interest of the citizens of this state to house prisoners in a private correctional facility leased or purchased and operated by the department, or a closed correctional facility owned by the department that the department reopens, rather than in a correctional facility currently operated by the department. By October 15, the department shall issue a report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director that documents the acquisition, lease, reopening, and modernization costs, and taxes, utilities, expected future capital repair, and upgrades of the correctional facilities described in this section.

Sec. 904. The department shall calculate the per prisoner/per day cost for each prisoner security custody level. This calculation shall include all actual direct and indirect costs for the previous fiscal year, including, but not limited to, the value of services provided to the department by other state agencies and the allocation of statewide legacy costs. To calculate the per prisoner/per day costs, the department shall divide these direct and indirect costs by the average daily population for each custody level. For multilevel facilities, the indirect costs that cannot be
accurately allocated to each custody level can be included in the
calculation on a per-prisoner basis for each facility. A report
summarizing these calculations and the direct and indirect costs
included in them shall be submitted to the senate and house
appropriations subcommittees on corrections, the legislative
corrections ombudsman, the senate and house fiscal agencies, and
the state budget director not later than December 15.

Sec. 906. Any local unit of government or private nonprofit
organization that contracts with the department for public works
services shall be responsible for financing the entire cost of such
an agreement.

Sec. 907. The department shall report by March 1 to the senate
and house appropriations subcommittees on corrections, the
legislative corrections ombudsman, the senate and house fiscal
agencies, and the state budget director on academic and vocational

number of prisoners completing each program, the number of
prisoners who do not complete each program and are not subsequently
reenrolled, and the reason for not completing the program, the
number of prisoners transferred to another facility while enrolled
in a program and the reason for transfer, the number of prisoners
enrolled who are repeating the program, and the number of prisoners
on waiting lists for each program, all itemized by facility.

(c) The steps the department has undertaken to improve programs, track records, accommodate transfers and prisoners with health care needs, and reduce waiting lists.

(d) The number of prisoners paroled without a high school diploma and the number of prisoners paroled without a high school equivalency.

(e) An explanation of the value and purpose of each program, for example, to improve employability, reduce recidivism, reduce prisoner idleness, or some combination of these and other factors.

(f) An identification of program outcomes for each academic and vocational program.

(g) The number of prisoners not paroled at their earliest release date due to lack of a high school equivalency, and the reason those prisoners have not obtained a high school equivalency.

Sec. 910. The department shall allow the Michigan Braille transcribing fund program to operate at its current location. The donation of the building by the Michigan Braille transcribing fund at the G. Robert Cotton Correctional Facility in Jackson is acknowledged and appreciated. The department shall continue to encourage the Michigan Braille transcribing fund program to produce high-quality materials for use by the visually impaired.

Sec. 911. By March 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget director the number of critical incidents occurring each month by type and the number and severity
of assaults, escape attempts, suicides, and attempted suicides occurring each month at each facility during the immediately preceding calendar year.

Sec. 913. (1) From the funds appropriated in part 1, the department shall focus on providing required programming to prisoners who are past their earliest release date because of not having received the required programming. Programming includes, but is not limited to, violence prevention programming, assaultive offender programming, sexual offender programming, substance abuse treatment programming, thinking for a change programming, and any other programming that is required as a condition of parole.

(2) It is the intent of the legislature that any prisoner required to complete a violence prevention program, sexual offender program, or other program as a condition of parole shall be placed on a waiting list for the appropriate programming upon entrance to prison and transferred to a facility where that program is available in order to accomplish timely completion of that program prior to the expiration of his or her minimum sentence and eligibility for parole. Nothing in this section should be deemed to make parole denial appealable in court.

(3) The department shall submit a quarterly report to the members of the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the state budget director, and the legislative corrections ombudsman detailing enrollment in sex offender programming, assaultive offender programming, violent offender programming, and thinking for a change programming. At a minimum, the report shall include the
following:

(a) A full accounting, from the date of entrance to prison, of the number of individuals who are required to complete the programming, but have not yet done so.

(b) The number of individuals who have reached their earliest release date, but who have not completed required programming.

(c) A plan of action for addressing any waiting lists or backlogs for programming that may exist.

Sec. 924. The department shall evaluate all prisoners at intake for substance abuse disorders, serious developmental disorders, serious mental illness, and other mental health disorders. Prisoners with serious mental illness or serious developmental disorders shall not be removed from the general population as a punitive response to behavior caused by their serious mental illness or serious developmental disorder. Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners with serious mental illness or serious developmental disorders may be placed in secure residential housing programs that will facilitate access to institutional programming and ongoing mental health services. A prisoner with serious mental illness or serious developmental disorder who is confined in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

Sec. 925. By March 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections
ombudsman, and the state budget director on the annual number of
prisoners in administrative segregation between October 1, 2016 and
September 30, 2017, and the annual number of prisoners in
administrative segregation between October 1, 2016 and September
30, 2017 who at any time during the current or prior prison term
were diagnosed with serious mental illness or have a developmental
disorder and the number of days each of the prisoners with serious
mental illness or a developmental disorder have been confined to
administrative segregation.

Sec. 929. From the funds appropriated in part 1, the
department shall do all of the following:
(a) Ensure that any inmate care and control staff in contact
with prisoners less than 18 years of age are adequately trained
with regard to the developmental and mental health needs of
prisoners less than 18 years of age. By April 1, the department
shall report to the senate and house appropriations subcommittees
on corrections, the senate and house fiscal agencies, and the state
budget director on the training curriculum used and the number and
types of staff receiving annual training under that curriculum.
(b) Provide appropriate placement for prisoners less than 18
years of age who have serious mental illness, serious emotional
disturbance, or a serious developmental disorder and need to be
housed separately from the general population. Prisoners less than
18 years of age who have serious mental illness, serious emotional
disturbance, or a serious developmental disorder shall not be
removed from an existing placement as a punitive response to
behavior caused by their serious mental illness, serious emotional
disturbance, or a serious developmental disorder. Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners less than 18 years of age with serious emotional disturbance, serious mental illness, or serious developmental disorders may be placed in secure residential housing programs that will facilitate access to institutional programming and ongoing mental health services. A prisoner less than 18 years of age with serious mental illness, serious emotional disturbance, or a serious developmental disorder who is confined in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

(c) Implement a specialized reentry program that recognizes the needs of prisoners less than 18 years old for supervised reentry.

Sec. 930. The department shall submit a quarterly report to the senate and house subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget director on the number of youth in prison. The report shall include, but not be limited to, the following information:

(a) The total number of inmates under age 18 who are not on Holmes youthful trainee act status.

(b) The total number of inmates under age 18 who are on Holmes youthful trainee act status.

(c) The total number of inmates aged 18 to 23 who are on Holmes youthful trainee act status.
Sec. 942. The department shall ensure that any contract with a public or private party to operate a facility to house state prisoners includes a provision to allow access by both the office of the legislative auditor general and the office of the legislative corrections ombudsman to the facility and to appropriate records and documents related to the operation of the facility. These access rights for both offices shall be the same for the contracted facility as for a general state-operated correctional facility.

Sec. 943. The department shall submit a report by May 1 to the senate and house subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget director on the actual and projected savings achieved by closing correctional facilities. Savings amounts shall be itemized by facility. Information required by this section shall start with the closure of the Pugsley Correctional Facility, which closed in September of 2016.

Sec. 944. When the department is planning to close a correctional facility, the department shall fully consider the potential economic impact of the prison closure on the community where the facility is located. The department, when weighing all factors related to the closure of a facility, shall also consider the impact on the local community where the facility to be closed is located.

Sec. 945. The department shall provide notice to the legislature and the senate and house fiscal agencies, by July 1, of its intent to renew or rebid the prisoner food service contract.
MISCELLANEOUS

Sec. 1009. The department shall make an information packet for the families of incoming prisoners available on the department’s website. The information packet shall be updated by February 1 of each year. The packet shall provide information on topics including, but not limited to: how to put money into prisoner accounts, how to make phone calls or create Jpay email accounts, how to visit in person, proper procedures for filing complaints or grievances, the rights of prisoners to physical and mental health care, how to utilize the offender tracking information system (OTIS), truth-in-sentencing and how it applies to minimum sentences, the parole process, and guidance on the importance of the role of families in the reentry process. The department is encouraged to partner with external advocacy groups and actual families of prisoners in the packet-writing process to ensure that the information is useful and complete.

ONE-TIME APPROPRIATIONS

Sec. 1100. From the funds appropriated in part 1 for new custody staff training, the department shall increase the training capacity for new custody staff by 177 officers. The purpose of this academy is to address higher than normal attrition of correction officers and to decrease overtime costs.

(2) If the department fails to provide to the legislature reports and other data required by boilerplate or statute within 30 days after the date the information is due, the state money appropriated in part 1 for state board/superintendent operations shall be reduced by 1%.

Sec. 228. A state department or agency that receives an appropriation in part 1 shall not issue a request for proposal for a contract in excess of $1,000,000.00, unless the department or
agency has first considered issuing a request for information or a request for qualification relative to that contract to better enable the department or agency to learn more about the market for the products or services that are the subject of the future request for proposal. The department or agency shall notify the department of technology, management, and budget of the evaluation process used to determine if a request for information or request for qualification was not necessary before issuing the request for proposal.

Sec. 229. The department shall not enter into a contract funded under part 1 that exceeds $1,000,000.00 or seek a federal waiver or an amendment to the federal waiver, until after notification of the content to both the house and senate appropriations committees and the state budget director.

Sec. 230. From the funds appropriated in part 1, the department shall compile a report that identifies any new, or lack thereof, mandates required of nonpublic schools. In compiling the report, the department may consult with relevant statewide education associations in Michigan. The report compiled by the department shall indicate the type of mandate, including, but not limited to, student health, student or building safety, accountability, and educational requirements, and shall indicate whether a school has to report on the specified mandates. The report required under this section shall be completed by April 1, 2018 and transmitted to the state budget director, the house and senate appropriations subcommittees responsible for the department of education, and the senate and house fiscal agencies not later

The allocations shall be made not later than 60 days after the department of treasury certifies to the department and to the state budget director that the department of treasury has received all necessary information to properly determine the amounts due to each eligible recipient.

(2) If the amount appropriated under this section is not sufficient to fully pay obligations under this section, payments shall be prorated on an equal basis among all eligible public libraries.

Sec. 1001. By November 1, 2017, the department shall submit a report to the house and senate appropriations subcommittees on the department of education budget and the house and senate fiscal agencies on the average number of eligible child care providers by type receiving payment for child care services from the department for the fiscal year ending September 30, 2017.

a minimum of 3 bids submitted.

Sec. 1004. From the funds appropriated in part 1 for child

Sec. 1009. From the funds appropriated in part 1 for child development and care - child development and care public assistance, the maximum entrance threshold for the child development and care program is set at 125% of the federal poverty guidelines.

ACCOUNTABILITY SERVICES

Sec. 1021. Using the funds appropriated in part 1, the department shall work in collaboration with the department of technology, management, and budget to renegotiate the contract with the ACT to ensure that it registers, issues, and ships to schools a
printed national career readiness certificate (NCRC) to each Michigan student who takes the ACT WorkKeys test, successfully completes the exam, qualifies for the certificate, and ensures that the renegotiated contract results in minimal or no additional costs to the state. If a renegotiation cannot be completed that results in minimal or no additional costs to the state, the department shall rebid the contract for the workskills portion of the Michigan merit exam (MME).

Sec. 1101. (1) From the funds appropriated in part 1 for drinking water declaration of emergency, the department shall allocate funding to address the child care needs in a city in which a declaration of emergency was issued because of drinking water contamination. Funds shall be used to support the following activities in the city:

(a) Pilot the expansion of the child development and care eligibility to children ages 0 to 3 for 1/2-day child care services by increasing the household income entrance threshold to 300% of the federal poverty guidelines.

(b) Provide information to child care providers on identification and intervention services for children demonstrating potential developmental delays associated with exposure to lead.

(2) The department shall amend definitions and eligibility requirements in the child care and development fund state plan as necessary to implement this section.

Sec. 952. (1) The funds appropriated in part 1 for city, village, and township revenue sharing are for grants to cities,
villages, and townships such that, subject to fulfilling the
requirements under subsection (3), each city, village, or township
is eligible to receive 100% of its eligible payment under section
952 of article VIII of 2016 PA 268. For purposes of this
subsection, any city, village, or township that completely merges
with another city, village, or township will be treated as a single
entity, such that when determining the eligible payment under
section 952 of article VIII of 2016 PA 268 for the combined single
entity, the amount each of the merging local units was eligible to
receive under section 952 of article VIII of 2016 PA 268 is summed.
For purposes of this subsection, population is determined in the
same manner as under section 3 of the Glenn Steil state revenue
sharing act of 1971, 1971 PA 140, MCL 141.903. In addition, any

the program described in subsection (2), with the remaining 50%
paid by local United Way organizations and other nonprofit
organizations and foundations.

(2) Funds distributed under subsection (1) shall be
distributed to Michigan 2-1-1, a nonprofit corporation organized
under the laws of this state that is exempt from federal income tax
under section 501(c)(3) of the internal revenue code of 1986, 26

fulfill the Michigan 2-1-1 business plan adopted by Michigan 2-1-1
in January 2005.

(3) Michigan 2-1-1 shall refer to the department any calls
received reporting fraud, waste, or abuse of state-administered
public assistance.

(4) Michigan 2-1-1 shall report annually to the department and
the house and senate standing committees with primary jurisdiction
over matters relating to human services and telecommunications on
2-1-1 system performance, the senate and house appropriations

CHILD SUPPORT ENFORCEMENT

Sec. 401. (1) The appropriations in part 1 assume a total federal child support incentive payment of $26,500,000.00.

(2) From the federal money received for child support incentive payments, $12,000,000.00 shall be retained by the state and expended for child support program expenses.

(3) From the federal money received for child support incentive payments, $14,500,000.00 shall be paid to the counties based on each county's performance level for each of the federal performance measures as established in 45 CFR 305.2.

(4) If the child support incentive payment to the state from the federal government is greater than $26,500,000.00, then 100% of the excess shall be retained by the state and is appropriated until the total retained by the state reaches $15,397,400.00.

(5) If the child support incentive payment to the state from the federal government is greater than the amount needed to satisfy the provisions identified in subsections (1), (2), (3), and (4), the additional funds shall be subject to appropriation by the legislature.

Sec. 409. (1) If statewide retained child support collections
exceed $38,300,000.00, 75% of the amount in excess of $38,300,000.00 is appropriated to legal support contracts. This excess appropriation may be distributed to eligible counties to supplement and not supplant county title IV-D funding.

(2) Each county whose retained child support collections in the current fiscal year exceed its fiscal year 2004-2005 retained child support collections, excluding tax offset and financial institution data match collections in both the current year and fiscal year 2004-2005, shall receive its proportional share of the 75% excess.

Sec. 410. (1) If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same amount. This budget adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations at 45 CFR 304.50.

(2) The department shall notify the chairs of the house and senate appropriations subcommittees on the department budget and the house and senate fiscal agencies within 15 days of the authorization adjustment in subsection (1).

Sec. 454. The department shall allocate the full amount of funds appropriated in part 1 for homeless programs to provide services for homeless individuals and families, including, but not limited to, third-party contracts for emergency shelter services.

Sec. 455. Sec. 910. The department shall ensure that substance use disorder treatment is provided to applicants and recipients of public assistance through the department who are required to obtain substance use disorder treatment as a condition of eligibility for public assistance.

Sec. 911. (1) The department shall ensure that each contract with a CMHSP or PIHP requires the CMHSP or PIHP to implement programs to encourage diversion of individuals with serious mental illness, serious emotional disturbance, or developmental disability from possible jail incarceration when appropriate.

(2) Each CMHSP or PIHP shall have jail diversion services and shall work toward establishing working relationships with representative staff of local law enforcement agencies, including county prosecutors' offices, county sheriffs' offices, county jails, municipal police agencies, municipal detention facilities, and the courts. Written interagency agreements describing what services each participating agency is prepared to commit to the local jail diversion effort and the procedures to be used by local law enforcement agencies to access mental health jail diversion
services are strongly encouraged.

Sec. 912. The department shall contract directly with the Salvation Army harbor light program to provide non-Medicaid substance use disorder services if the local coordinating agency or the department confirms the Salvation Army harbor light program meets the standard of care. The standard of care shall include, but is not limited to, utilization of the medication assisted treatment option.

Sec. 918. On or before the twenty-fifth of each month, the department shall report to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, and the state budget director on the amount of funding paid to PIHPs to support the Medicaid managed mental health care program in the preceding month. The information shall include the total paid to each PIHP, per capita rate paid for each eligibility group for each PIHP, and number of cases in each eligibility group for each PIHP, and year-to-date summary of eligibles and expenditures for the Medicaid managed mental health care program.

Sec. 920. As part of the Medicaid rate-setting process for behavioral health services, the department shall work with PIHP network providers and actuaries to include any state and federal wage and compensation increases that directly impact staff who provide Medicaid-funded community living supports, personal care services, respite services, skill-building services, and other similar supports and services as part of the Medicaid rate.

Sec. 928. (1) Each PIHP shall provide, from internal resources, local funds to be used as a part of the state match
required under the Medicaid program in order to increase capitation
rates for PIHPs. These funds shall not include either state funds
received by a CMHSP for services provided to non-Medicaid
recipients or the state matching portion of the Medicaid capitation
payments made to a PIHP.

(2) It is the intent of the legislature that any funds that
lapse from the funds appropriated in part 1 for Medicaid mental
health services shall be redistributed to individual CMHSPs as a
reimbursement of local funds on a proportional basis to those
CMHSPs whose local funds were used as state Medicaid match. By
April 1 of the current fiscal year, the department shall report to
the senate and house appropriations subcommittees on the department
budget, the senate and house fiscal agencies, the senate and house
policy offices, and the state budget office on the lapse by PIHP
from the previous fiscal year and the projected lapse by PIHP in
the current fiscal year.

matching funds to a CMHSP for mental health services rendered to
residents in its jurisdiction shall pay the matching funds in equal
installments on not less than a quarterly basis throughout the
fiscal year, with the first payment being made by October 1 of the

(b) Withdraw unspent funds that have been allocated to a CMHSP if other reallocated funds were expended in a manner not provided for in the approved contract, including expending funds on services and programs provided to individuals residing outside of the CMHSP's geographic region.

(2) A CMHSP that has its funding allocation transferred out or withdrawn during the current fiscal year as described in subsection (1) is not eligible for any additional funding reallocations during the remainder of the current fiscal year, unless that CMHSP is responding to a public health emergency as determined by the department.

(3) CMHSPs shall report to the department on any proposed reallocations described in this section at least 30 days before any reallocations take effect.

(4) The department shall notify the chairs of the appropriation subcommittees on the department budget when a request is made and when the department grants approval for reallocation or withdraw as described in subsection (1). By September 30 of the current fiscal year, the department shall provide a report on the amount of funding reallocated or withdrawn to the senate and house appropriation subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and
Sec. 942. A CMHSP shall provide at least 30 days' notice before reducing, terminating, or suspending services provided by a CMHSP to CMHSP clients, with the exception of services authorized by a physician that no longer meet established criteria for medical necessity.

Sec. 958. Medicaid services shall include treatment for autism spectrum disorders as defined in the federally approved Medicaid state plan. These services may be coordinated with the Medicaid health plans and the Michigan Association of Health Plans.

Sec. 994. (1) By January 1 of the current fiscal year, the department shall seek federal approval through either a waiver request or state plan amendment to allow a CMHSP, PIHP, or subcontracting provider agency that is reviewed and accredited by a national accrediting entity for behavioral health care services to be considered in compliance with state program review and audit requirements that are addressed and reviewed by that national accrediting entity.

(2) By April 1 of the current fiscal year, the department shall report to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the state budget office all of the following:

(a) The status of the federal approval process required in subsection (1).

(b) A list of each CMHSP, PIHP, and subcontracting provider agency that is considered to be in compliance with state program review and audit requirements under subsection (1).
(c) For each CMHSP, PIHP, or subcontracting provider agency described in subdivision (b), both of the following:

(i) The state program review and audit requirements that the CMHSP, PIHP, or subcontracting provider agency is considered to be in compliance with.

(ii) The national accrediting entity that reviewed and accredited the CMHSP, PIHP, or subcontracting provider agency.

Sec. 1008. The PIHP and CMHSPs shall do all of the following:
(a) Work to reduce administration costs by ensuring that PIHP responsible functions are efficient to allow optimal transition of dollars to direct services. This process must include limiting duplicate layers of administration and minimizing PIHP-delegated services that may result in higher costs or inconsistent service delivery, or both.
(b) Take an active role in managing mental health care by ensuring consistent and high-quality service delivery throughout its network and promote a conflict-free care management environment.
(c) Ensure that direct service rate variances are related to the level of need or other quantifiable measures to ensure that the most money possible reaches direct services.
(d) Whenever possible, promote fair and adequate direct care reimbursement, including fair wages for direct service workers.

Sec. 1009. From the funds appropriated in part 1 for Medicaid mental health services and Healthy Michigan plan - behavioral health, the department shall allocate up to $22,500,000.00 to increase hourly wages by $0.25 for direct care workers providing Medicaid behavioral health services. The department shall contractually mandate these funds be fully passed through to agencies directly responsible for paying the direct care workers' wages and shall contractually mandate that the agencies provide the department with ending wages at the end of the previous fiscal year and the new increased wages provided in the current fiscal year. The purpose of this allocation is to increase access to direct care services as reported in CMHSP sub-element cost reports, to reduce the turnover rate among direct care workers, and to improve the quality of direct care workers providing Medicaid behavioral health supports and services.

Sec. 1010. From the funds appropriated in part 1 for behavioral health program administration, up to $2,000,000.00 shall be allocated to address the implementation of court-ordered assisted outpatient treatment as provided under chapter 4 of the mental health code, 1974 PA 258, MCL 330.1400 to 330.1491.

From available funds available in part 1 through the state targeted response to the opioid crisis grant, the department shall provide $850,000.00 for the development of a genomic based demonstration program to predict opioid response and abuse and analyze cost savings to the state Medicaid population. The demonstration program shall be operated by Kalamazoo Community Mental Health and Substance Abuse Services and shall identify relevant biomarkers that predict risk of opioid abuse and overdose by analyzing test results from the Kalamazoo Medicaid population served by the Kalamazoo Community Mental Health and Substance Abuse Services. The demonstration program shall utilize a custom screening panel developed by a Michigan based genomics lab that is certified under the clinical laboratory improvement amendments of 1988, Public Law 100-578. The Kalamazoo Community Mental Health and Substance Abuse Services will analyze data and compile results relating to relevant biomarkers, their impact on cost to the Medicaid population in the demonstration program, and present a final report to the department, the senate and house appropriations subcommittees on the department budget, and the senate and house fiscal agencies by June 1 of the current fiscal year.]

provision for those individuals who would have been admitted to
those facilities.

(2) All closures or consolidations are dependent upon adequate
department-approved CMHSP and PIHP plans that include a discharge
and aftercare plan for each individual currently in the facility. A
discharge and aftercare plan shall address the individual's housing
needs. A homeless shelter or similar temporary shelter arrangements
are inadequate to meet the individual's housing needs.

center for forensic psychiatry.

(d) The number of persons waiting to receive services at other state-operated hospitals and centers.

Sec. 1060. This initiative will test new payment methodologies, support improved population health outcomes, and support improved infrastructure for technology and data sharing and reporting. The funds will be used to provide financial support directly to regions participating in the model test and to support statewide stakeholder guidance and technical support.

(2) Outcomes and performance measures for the initiative under subsection (1) include, but are not limited to, the following:

The department shall seek financial support from corporate, foundation, or other private
partners for the program or for individual program sites.

The determination of the performance of the 0.25% capitation withhold is at the discretion of the department but must include the utilization of high-value services and discouraging the utilization of low-value services.

Sec. 1810. The department shall enhance encounter data reporting processes and develop rules that would make each health plan's encounter data as complete as possible, provide a fair
measured acuity for each health plan's enrolled population for risk adjustment purposes, capitation rate setting, diagnosis-related group rate setting, and research and analysis of program efficiencies while minimizing health plan administrative expense.

Sec. 1812. By June 1 of the current fiscal year, and using the most recent available cost reports, the department shall complete a report of all direct and indirect costs associated with residency training programs for each hospital that receives funds appropriated in part 1 for graduate medical education. The purpose of this expansion is to improve Medicaid beneficiary access to care, reduce the number of missed physician appointments by Medicaid beneficiaries, and reduce time spent by caseworkers facilitating nonemergency transportation for Medicaid beneficiaries. Performance goals include an increase in utilization of local public transportation, a reduction in the rate of trips reported as missed to no more than 0.5%, and the successful collection of data on program utilization, access, and beneficiary satisfaction.

Sec. 1862. From the funds appropriated in part 1, the department shall maintain payment rates for Medicaid obstetrical services at 95% of Medicare levels effective October 1, 2014.

transmitted to the chairpersons of the senate and house
appropriations committees and the senate and house fiscal agencies.

Sec. 211. From the funds appropriated in part 1, the judicial
branch shall maintain a searchable website accessible by the public
at no cost that includes all expenditures made by the judicial
branch within a fiscal year. The posting shall include the purpose
for which each expenditure is made. The judicial branch shall not
provide financial information on its website under this section if
doing so would violate a federal or state law, rule, regulation, or
guideline that establishes privacy or security standards applicable
to that financial information.

Sec. 212. Within 14 days after the release of the executive
budget recommendation, the judicial branch shall cooperate with the
state budget office to provide the senate and house appropriations
committee chairs, the senate and house appropriations subcommittee
chairs, and the senate and house fiscal agencies with an annual
report on estimated state restricted fund balances, state
restricted fund projected revenues, and state restricted fund
expenditures for the fiscal years ending September 30, 2017 and
September 30, 2018.

Sec. 213. The judiciary shall maintain, on a publicly
accessible website, a scorecard that identifies, tracks, and
regularly updates key metrics that are used to monitor and improve
the judiciary's performance.
Sec. 214. Total authorized appropriations from all sources under part 1 for legacy costs for the fiscal year ending September 30, 2018 are estimated at $13,963,100.00. From this amount, total judiciary appropriations for pension-related legacy costs are estimated at $7,185,500.00. Total judiciary appropriations for retiree health care legacy costs are estimated at $6,777,600.00.

Sec. 215. The judicial branch shall not take disciplinary action against an employee for communicating with a member of the legislature or his or her staff.

Sec. 216. It is the intent of the legislature that judges who are presiding over a hearing on a foster care case shall publicly acknowledge and request the input of the foster parent or foster parents during the hearing.

Sec. 217. If the judicial branch makes any changes to a foster care family service plan before its finalization, it is the intent of the legislature that the presiding judge provide an explanation for any changes to that plan in the court record.

Sec. 218. The judicial branch shall receive and retain copies of all reports funded from appropriations in part 1. Federal and state guidelines for short-term and long-term retention of records shall be followed. The judicial branch may electronically retain copies of reports unless otherwise required by federal and state guidelines.

JUDICIAL BRANCH

Sec. 301. From the funds appropriated in part 1, the direct trial court automation support program of the state court
administrative office shall recover direct and overhead costs from
trial courts by charging for services rendered. The fee shall cover
the actual costs incurred to the direct trial court automation
support program in providing the service, including development of
future versions of case management systems.

Sec. 302. Funds appropriated within the judicial branch shall
not be expended by any component within the judicial branch without
the approval of the supreme court.

Sec. 303. Of the amount appropriated in part 1 for the
judicial branch, $711,900.00 is allocated for circuit court
reimbursement under section 3 of 1978 PA 16, MCL 800.453, and for
costs associated with the court of claims.

Sec. 306. By February 1, the state court administrative office
shall produce a statistical report, categorized by county,
regarding both the collected and uncollected amounts of restitution
payments, court fees, and any other applicable judgments placed
upon persons within the county, reported for the year 2016.

Sec. 307. From the funds appropriated in part 1 for mental
health courts and diversion services, $1,730,000.00 is intended to
address the recommendations of the mental health diversion council.

Sec. 308. If sufficient funds are not available from the court
fee fund to pay judges' compensation, the difference between the
appropriated amount from that fund for judges' compensation and the
actual amount available after the amount appropriated for trial
court reimbursement is made shall be appropriated from the state
general fund for judges' compensation. If an appropriation is made
under this section, the state court administrative office shall
notify, within 14 days of the appropriation, the senate and house standing committees on appropriations, the senate and house appropriations subcommittees on judiciary, the senate and house fiscal agencies, and the state budget office.

Sec. 309. By April 1, the state court administrative office shall provide a report on drug treatment, mental health, and veterans court programs in this state. The report shall include information on the number of each type of program that has been established, the number of program participants in each jurisdiction, and the impact of the programs on offender criminal involvement and recidivism. The report shall be submitted to the senate and house appropriations subcommittees on judiciary, the senate and house fiscal agencies, and the state budget director.

Sec. 311. (1) The funds appropriated in part 1 for drug treatment courts as that term is defined in section 1060 of the revised judicature act of 1961, 1961 PA 236, MCL 600.1060, shall be administered by the state court administrative office to operate drug treatment court programs. A drug treatment court shall be responsible for handling cases involving substance abusing nonviolent offenders through comprehensive supervision, testing, treatment services, and immediate sanctions and incentives. A drug treatment court shall use all available county and state personnel involved in the disposition of cases including, but not limited to, parole and probation agents, prosecuting attorneys, defense attorneys, and community corrections providers. The funds may be used in connection with other federal, state, and local funding sources.
(2) From the funds appropriated in part 1, the chief justice shall allocate sufficient funds for the Michigan judicial institute to provide in-state training for those identified in subsection (1), including training for new drug treatment court judges.

(3) For drug treatment court grants, consideration for priority may be given to those courts where higher instances of substance abuse cases are filed.

(4) The judiciary shall receive $1,500,000.00 in Byrne formula grant funding as an interdepartmental grant from the department of state police to be used for expansion of drug treatment courts, to assist in avoiding prison bed space growth for nonviolent offenders in collaboration with the department of corrections.

Sec. 312. From the funds appropriated in part 1, the state court administrator shall produce a statistical report regarding the implementation of the parental rights restoration act, 1990 PA 211, MCL 722.901 to 722.908, as it pertains to minors seeking court-issued waivers of parental consent. The state court administrative office shall report the total number of petitions filed and the total number of petitions granted under that act.

Sec. 313. From the funds appropriated in part 1 for the medication-assisted treatment program, the judiciary shall establish a medication-assisted treatment program to provide treatment for opioid-addicted and alcohol-addicted individuals who are referred to and voluntarily participate in the medication-assisted treatment program.

Sec. 316. (1) From the funds appropriated in part 1 for pretrial risk assessment, the state court administrative office
shall pilot a pretrial risk assessment tool in an effort to provide relevant information to judges so they can make evidence-based bond decisions that will increase public safety and reduce costs associated with unnecessary pretrial detention.

(2) The state court administrative office shall submit a status report by February 1 to the senate and house appropriations subcommittees on judiciary, the senate and house fiscal agencies, and the state budget director that outlines plans for piloting the tool and an implementation timeline.

(3) The state court administrative office shall submit a report by October 30 to the senate and house appropriations subcommittees on judiciary, the senate and house fiscal agencies, and the state budget director on costs associated with piloting the pretrial risk assessment tool.

Sec. 317. Funds appropriated in part 1 shall not be used for the permanent assignment of state-owned vehicles to justices or judges or any other judicial branch employee. This section does not preclude the use of state-owned motor pool vehicles for state business in accordance with approved guidelines.

Sec. 320. (1) From the funds appropriated in part 1 for the swift and sure sanctions program, created under section 3 of chapter XIA of the code of criminal procedure, 1927 PA 175, MCL 771A.3, the state court administrative office shall administer a program to distribute grants to qualifying courts in accordance with the objectives and requirements of the probation swift and sure sanctions act, chapter XIA of the code of criminal procedure, 1927 PA 175, MCL 771A.1 to 771A.8. Of the $3,500,000.00 designated
for the program, not more than $100,000.00 shall be available to the state court administrative office to pay for employee costs associated with the administration of the program funds. Of the funds designated for the program, $500,000.00 is reserved for programs in counties that had more than 325 individuals sentenced to prison in the previous calendar year. Courts interested in participating in the swift and sure sanctions program may apply to the state court administrative office for a portion of the funds appropriated in part 1 under this section.

(2) By April 1, the state court administrative office, in cooperation with the Michigan department of corrections, shall provide a report on the courts that receive funding under the swift and sure sanctions program described in subsection (1) to the senate and house appropriations subcommittees on judiciary, the senate and house fiscal agencies, and the state budget director. The report shall include all of the following:

(a) The number of offenders who participate in the program.
(b) The criminal history of offenders who participate in the program.
(c) The recidivism rate of offenders who participate in the program, including the rate of return to jail, prison, or both.
(d) A detailed description of the establishment and parameters of the program.

(3) As used in this section, "program" means a swift and sure sanctions program described in subsection (1).

Sec. 321. From the funds appropriated in part 1, the judicial branch shall support a statewide legal self-help internet website.
and local nonprofit self-help centers that use the statewide
website to provide assistance to individuals representing
themselves in civil legal proceedings. The state court
administrative office shall summarize the costs of maintaining the
website, provide statistics on the number of people visiting the
website, and provide information on content usage, form completion,
and user feedback. By March 1, the state court administrative
office shall report this information for the preceding fiscal year
to the senate and house appropriations subcommittees on judiciary,
the senate and house fiscal agencies, and the state budget
director.

Sec. 322. If Byrne formula grant funding is awarded to the
state appellate defender, the state appellate defender office may
receive and expend Byrne formula grant funds in an amount not to
exceed $250,000.00 as an interdepartmental grant from the
department of state police. If the appellate defender appointed
under section 3 of the appellate defender act, 1978 PA 620, MCL
780.713, receives federal grant funding from the United States
Department of Justice in excess of the amount appropriated in part
1, the office of appellate defender may receive and expend grant
funds in an amount not to exceed $300,000.00 as other federal
grants.

ONE-TIME APPROPRIATIONS

Sec. 401. (1) The state appellate defender office attorneys
and support staff shall increase to ensure Michigan compliance with
Montgomery v Louisiana, 577 US _____ (2016). The purpose of the
program expansion is to ensure competent, resourced, and supervised counsel in cases involving the resentencing of juvenile lifers. The representation by SADO counsel will create opportunities for release, saving prison costs for the state.

(2) From the funds appropriated in part 1, the state appellate defender office shall submit a report by September 30 to the senate and house appropriations subcommittees on judiciary, the senate and house fiscal agencies, and the state budget director on the number of juvenile lifer cases investigated and prepared by the state appellate defender office. The report shall include a calculation of hours spent and focus on incremental costs associated with investigating and conducting a robust examination of each case, with particular emphasis on those costs that may be avoided after the cases have been disposed.
