Overview

The Higher Education budget, contained in Article III of the compiled School Aid Act, provides funding for operational support of the state's 15 public universities, the AgBioResearch and Extension programs operated by Michigan State University, various financial aid programs for students attending public and independent colleges and universities in the state, and several other smaller higher education-related programs.

Major Budget Changes From FY 2018-19 YTD Appropriations

1. University Operations Funding

Executive increases university operations funding by \$43.7 million GF/GP, a 3.0% increase. The increase is distributed across-the-board, so that each university receives a 3.0% increase. Attainment of the additional student affordability funding would be conditioned on restraining resident undergraduate tuition and fee increases to 3.2% or \$427, whichever is greater (set at 3.8% or \$490 in the current year). Replaces \$494.3 million School Aid Fund (SAF) with a corresponding amount of GF/GP. Total funding for operations would be \$1.5 billion GF/GP.

House increases university operations funding by \$5.3 million GF/GP, a 0.4% increase. The increase is distributed under a revised performance funding formula, where 30% is allocated based on each university's share of operational funding appropriated in the baseline year of FY 2010-11, while the remaining increase is distributed based on other formula components (weighted completions, research and development spending, comparison to Carnegie peers and comparison to State peers). Attainment of performance funding would be conditioned on restraining resident undergraduate tuition and fee increases to 3.2% or \$427, whichever is greater. House concurs with Executive on replacing \$494.3 million SAF with a corresponding amount of GF/GP. Total funding for operations would be \$1.5 billion GF/GP.

Senate increases university operations funding by \$15.2 million GF/GP, a 1.0% increase. The increase is distributed under the current performance funding formula. Attainment of performance funding would be conditioned on restraining resident undergraduate tuition and fee increases to 4.4% or \$587, whichever is greater. Total funding for operations would be \$1.5 billion (\$977.8 million GF/GP).
