**Overview**

The state transportation budget supports state and local highway programs, public transportation programs, aeronautics programs, and administration of the Michigan Department of Transportation (MDOT). Historically, two-thirds of the revenue in this budget has come from state restricted revenue, with approximately one-third from federal sources. Most of the state-restricted revenue in this budget is constitutionally restricted – from motor fuel taxes and vehicle registration taxes – and is first credited to the Michigan Transportation Fund (MTF) and then distributed in accordance with 1951 PA 51 (Act 51) to other state transportation funds and programs, including the State Trunkline Fund (STF), the Comprehensive Transportation Fund (CTF), and local road agencies (county road commissions and cities/villages). Revenue from aviation fuel and registration taxes, as well as a portion of Airport Parking Tax revenue, is credited to the State Aeronautics Fund for aeronautics programs.

*[See Item #s 2,  
3 and 4, below]*

Executive budget reflects additional revenue from a proposed transportation revenue package, as well as changes to Act 51 to provide for the distribution of the additional revenue. Specifically, the governor's proposal would increase gross tax revenue by an estimated \$1.3 billion in FY 2019-20. Of this increase, \$325.0 million would be distributed to the STF and to local road agencies according to the current Act 51 distribution formula; \$917.5 million would be credited to a new Fixing Michigan Roads Fund for specific defined transportation programs. The governor's proposed transportation budget does not include any earmarking of state Income Tax revenue.

House does not recognize additional revenue from the governor's proposed transportation revenue package or proposed Fixing Michigan Roads Fund programs. House assumes the ongoing earmark of \$325.0 million from Income Tax revenue as provided in the November 2015 Road Funding Package – but not the additional \$143.0 million in Income Tax revenue earmarked in 2018 PA 588. This \$325.0 million is included in the MTF distribution to the STF and to local road agencies as described below. House budget also assumes an additional \$542.5 million in restricted funds from a House fuel tax proposal (a new dedicated transportation fuel tax that would offset 4% of sales tax). This new revenue is also reflected in road agency program line items described below.

Senate does not recognize additional revenue from the governor's proposed transportation revenue package or proposed Fixing Michigan Roads Fund programs. Senate budget assumes that \$468.0 million in Income Tax revenue, earmarked in 2018 PA 588, would be distributed to the STF and to local road agencies as described below.

Conference does not recognize additional revenue from the governor's proposed transportation revenue package or proposed Fixing Michigan Roads Fund programs. Conference assumes that \$468.0 million in Income Tax revenue, earmarked in 2018 PA 588, would be distributed to the STF and to local road agencies as described below. Conference also includes \$400.0 million of GF/GP revenue for road and bridge programs and projects, subject to distribution per new boilerplate Section 280.

**Major Budget Changes From FY 2018-19 YTD Appropriations**

**2. State Trunkline Road and Bridge Construction**

Executive budget for the state trunkline capital construction program would total almost \$1.3 billion, a net increase of \$5.9 million (exclusive of economic increases). Increases in state restricted revenue would be offset, in part, by an anticipated reduction in available federal revenue. Note that this funding item is separate from the additional spending under the governor's proposed Fixing Michigan Roads Plan.

	<b>FY 2018-19 Year-to-Date (as of 3/5/19)</b>	<b>FY 2019-20 Conference Change</b>
<b>Gross</b>	<b>\$1,266,763,500</b>	<b>\$62,841,100</b>
Federal	808,607,700	(21,913,200)
Local	30,003,500	0
Restricted	428,152,300	84,754,300
GF/GP	\$0	\$0

House includes over \$1.5 billion for the capital State trunkline construction/preservation program, an increase of \$264.6 million. Of this increase, \$212.1 million is the State share of \$542.5 million in new revenue from the House fuel tax proposal, and \$45.6 million reflects the redirection of reductions made in other department line items. These increases are offset, in part, by a \$21.9 million decrease in available federal funds. STF revenue also includes the State share of \$325.0 million in Income Tax revenue.

Senate includes over \$1.3 billion for the capital State trunkline construction/preservation program, an increase of \$62.8 million. Increases in state restricted STF revenue would be offset, in part, by \$21.9 million decrease in available federal funds. STF revenue includes the State share of \$468.0 million in Income Tax revenue.

Conference concurs with Senate and assumes STF revenue includes the State share of \$468.0 million in Income Tax revenue.

**3. MTF to Local Road Agencies**

Executive reflects an \$85.3 million increase in the estimated MTF distribution to local road agencies (county road commissions, and cities and villages). This increase reflects increases in estimated baseline revenue from motor fuel and vehicle registration taxes, as well as the local road agency share of \$325.0 million in new revenue from the proposed increases in motor fuel taxes; these increases would be offset in part by the elimination of the Income Tax earmark for road programs. Note that this MTF distribution is separate from the additional spending under the governor's proposed Fixing Michigan Roads Plan.

<b>Gross</b>	<b>\$1,562,857,800</b>	<b>\$172,389,900</b>
Restricted	1,562,857,800	172,389,900
GF/GP	\$0	\$0

House includes \$2.0 billion MTF for distribution to local road agencies, an increase of \$438.2 million. Of this increase, \$330.4 million reflects the local share of \$542.5 million in new revenue from the House fuel tax proposal, and \$22.5 million reflects funding redirected from other department line items. The MTF revenue distribution also includes the local road agency share of \$325.0 million in Income Tax revenue.

Senate includes over \$1.7 billion MTF for distribution to local road agencies, an increase of \$172.4 million. The MTF revenue distribution includes the local road agency share of \$468.0 million in Income Tax revenue.

Conference concurs with Senate and assumes MTF revenue includes the local road agency share of \$468.0 million in Income Tax revenue.

<b>4. General Fund for Road and Bridge Projects and Programs</b>		<b>Gross</b>	<b>\$300,000,000</b>	<b>\$100,000,000</b>
The current-year budget includes \$300.0 million GF/GP for distribution to the STF and local road agencies in accordance with Act 51 formula. <u>Executive</u> and <u>House</u> proposed FY 2019-20 budgets do not include the direct appropriation of GF/GP for road programs. <u>Senate</u> includes \$132.0 million for distribution to local road agencies only. <u>Conference</u> includes \$400.0 million GF/GP for road projects and programs, to be distributed in accordance with boilerplate Section 280. Conference includes this funding in a new appropriation unit/line item: Fixing Michigan Roads/General Fund fixing roads and bridges.		GF/GP	\$300,000,000	\$100,000,000
<b>5. Debt Service</b>		<b>Gross</b>	<b>\$219,437,100</b>	<b>(\$5,539,600)</b>
<u>Executive</u> includes \$213.9 million for debt service, a reduction of \$5.5 million from current year, reflecting debt service schedules. [Total outstanding transportation-related debt at September 30, 2018, was \$1.3 billion.] <u>House</u> , <u>Senate</u> , and <u>Conference</u> concur with Executive.		Federal	35,863,400	45,291,600

<b>6. Support Services by Other State Departments</b>		<b>Gross</b>	<b>\$48,394,600</b>	<b>(\$317,600)</b>
<u>Executive</u> includes \$48.1 million for Interdepartmental Grants (IDGs) that authorize the reimbursement of other state departments from restricted transportation funds for services provided to those transportation funds. Specific IDGs include \$20.0 million MTF for Department of State vehicle registration tax collection program, \$2.8 million MTF for Department of Treasury motor fuel tax collection program, and \$11.9 million STF for Michigan State Police Commercial Vehicle Enforcement program and Criminal Justice Information Center. The budget reduces IDG funding to the Department of Attorney General by \$495,200. The net change across all IDG line items reflects economic increases and cost allocation adjustments. <u>House</u> , <u>Senate</u> , and <u>Conference</u> concur with Executive.
