

Thank you for your consideration regarding the MEI legislation proposal and notifying me of the meeting. I need an Investigator.

My tenure as the Medical Examiner for Antrim County has been 17 years with investigator help for 7-8 years. I chose the Investigator because of his excellent knowledge, dependability and location.

We do not have a competitive atmosphere here in Antrim County amongst the funeral homes, due to the fact that 5 of the 7 are owned by one director.

Early on in the Investigators history, he was sent to St. Louis University for the MEI preparatory course the offer, of which he completed successfully.

I cover a county which has 20,000 full time residents and 100,000 in the summer with all the tourists and part time residents arriving.

I hope that the population proposal passes and I am able to put my program back together.

Dewey C Benson, D.O., F.A.A.A
