Subject: HB 5700

Dakota Soda
House Ag Clerk
State of Michigan

Dear Ms. Soda;

I am Ron Evans, President and owner of Evans Aviation. I have performed aerial applications of agricultural products servicing Michigan farmers, and protecting Michigan forest, for 44 years now.

I'm well aware of what it takes to protect this State from any form of careless or negligent behavior.

Our Michigan licensed agricultural pilots are held to an extremely high level of annual training and aircraft inspections. House Bill 5700 would not be in Michigan's best interest. Allowing out of State pilots to operate in this State without holding them to the same standards as Michigan pilots, would be a huge counter productive step in the safety and well being of this State.

This needs to be voted down.

Thank you

Ron Evans. (Cell 810-441-4077)
