Subject: Support for SB 790 and SB 791

I strongly encourage the legislature to pass these bills during this session. There is an urgent and critical need for an adequate direct care workforce to meet the needs of our aging population. These bills will be an important step in supporting the workforce that affects nearly all of us at some time.

Thanks you for your efforts,

Subject: Senate Bill 740

Good morning Dakota,

My name is Rich Miller, President of MDL Mechanical in Jackson, MI and I would like to express my very strong support for Senate Bill 740.

As a business owner of approximately 25 employees, the training under a journeyperson and their safety is a top priority.

A strong focus on safety supported with jobsite supervision in Senate Bill 740 can help businesses avoid accidents.

By ensuring the apprentices are properly supervised, business owners can minimize risks to keep projects on track, saving time and money.

I support this Bill to maintain training, and follow a regulated Apprentice to Journeyman ratio to ensure that plumbing work is done under the direct oversight of licensed professionals.

Thank You

Rich Miller
