**JASON HOSKINS**

STATE REPRESENTATIVE

April 22<sup>nd</sup> 2024

Dear Mr. Clerk,

I am referring the following House Bills to the Subcommittee on Housing. The following bills were referred to the House Committee on Economic Development and Small Business and the subject matter is germane to the goals of the Subcommittee. House Bills 5236, 5237, 5238, and 5557 all deal with the crucial subject of Housing.

I have decided to ask the Subcommittee on Housing to review and make recommendations to this bill package. Ensuring the availability of affordable and accessible housing throughout the state remains a top priority for this Committee. This legislation presents an opportunity for the Subcommittee to delve into related issues in greater detail with all interested parties. I trust that the Subcommittee will be successful and productive.

Sincerely,

Jason Hoskins

State Representative, Michigan's 18th District

Chair, House Committee on Economic Development and Small Business
