## GLOSSARY: KEY DATA DEFINITIONS

### Enrollment Definitions

*Headcount:* Number of individual students enrolled for at least one class at a university.

*Fiscal Year Equated Students (FYES):* Calculated equivalent of the number of full-time students enrolled at a university; FYES is equal to student credit hours divided by 30 at the undergraduate level.

*Resident/Nonresident:* The HEIDI definition as to whether or not a student is categorized as a Michigan resident is based on the universities' individual residency policies for tuition purposes.

### Finance Definitions

*Tuition and Fees:* Undergraduate tuition and fee rates are based on 30 credit hours per academic year (15 for Fall semester; 15 for Winter semester); rates do not include refundable fees, course fees, or other fees not paid by a majority of students in a given academic level, but do reflect any refunds provided on a uniform basis.

*Current Fund Revenue:* All revenue received for current operations—including auxiliary operations, such as hospitals and dormitories, and operations funded from restricted revenue sources, such as federally-funded research.

*General Fund Revenue:* Subset of current fund revenue received for student instruction and related activities; general fund revenue consists primarily of state appropriations and tuition/fees.

*State Appropriation:* See notes at end of "Current Fund, General Fund, and State Appropriation Revenue" and "General Fund Revenue by Source" sections.

*Indirect Cost Recovery:* Reimbursement of general fund expenditures for indirect costs resulting from federally-funded research or other grant-based activity.

*Financial Aid (General Fund Expenditures):* Allocation from institution's general fund resources for financial aid to students; effectively results in discounting of tuition rate.
