TOTAL	**$41,766,000**	**$0**

Overview

2025 PA 21 contains the Michigan Natural Resources Trust Fund (MNRTF) Board recommendations for MNRTF acquisition and development projects that total $41.8 million. These projects are funded with state restricted revenue from the Michigan Natural Resources Trust Fund.

Appropriation Items		**Enacted**
CAPITAL OUTLAY		
1. Michigan Natural Resources Trust Fund	**Gross**	**$41,766,000**
Includes $41.8 million Gross for 17 land acquisition projects ($19.3 million) and 68 land development projects ($22.5 million) supported with revenues from the MNRTF pursuant to Article IX, Section 35 of the Michigan Constitution and the Natural Resources and Environmental Protection Act. Matching funds total $52.3 million, resulting in total project costs of $94.1 million.	Restricted	41,766,000
	GF/GP	$0

The MNRTF provides financial assistance to local units of government or qualifying nonprofits and to the Department of Natural Resources (DNR) for public acquisition of lands for resource protection and public outdoor recreation. Applications for assistance from the MNRTF are accepted annually, and recommendations are made by the MNRTF Board and submitted to the legislature for approval and appropriation of funds.

Before the MNRTF reached its constitutional cap of $500.0 million in 2011, the Michigan Constitution directed that the fund receive revenues from bonuses, rentals, delayed rentals, and royalties collected or reserved by the state under provisions of leases for extraction of nonrenewable resources from state-owned lands, except revenues accruing under leases of state-owned lands acquired with money from the state or federal Game and Fish Protection Funds or revenues accruing from lands purchased with such revenues. Additionally, the Michigan Constitution directed annual expenditures from the MNRTF to consist of interest and earnings on the principal and up to 33-1/3% of fund revenue received in the previous fiscal year.

Since reaching the $500.0 million cap in 2011, the MNRTF is no longer eligible to receive annual revenues from bonuses, rentals, delayed rentals, and royalties. These revenues are now deposited to the Michigan State Parks Endowment Fund (MSPEF) until the fund balance reaches $800.0 million, after which revenues will again be credited to the MNRTF. The current balance of the MSPEF is $341.8 million. Annual expenditures from the MNRTF are limited to interest and investment earnings of the principal, and funding carried forward from previous years.

The Michigan Constitution requires that not less than 25% of the total amount made available for expenditure from annual MNRTF revenue be expended for acquisition of land and rights in land, and not less than 25% of the total amount made available for expenditure from annual MNRTF revenue be expended for development of public recreation facilities. From FY 2023-24 MNRTF revenue, there is $47.0 million available for expenditure. Acquisition projects ($19.3 million) amount to 41.0% of available funds; development projects ($22.5 million) amount to 47.9% of available funds. The remaining amount available from FY 2023-24 MNRTF revenue ($5.2 million) is dedicated to operating costs such as PILT payments and investment management fees. **(SEE TABLE BELOW FOR DESCRIPTION OF INDIVIDUAL PROJECTS)**

Boilerplate Items:

Sec. 203. Prohibition on Solar or Wind Projects
Prohibits funding in part 1 from being expended for utility scale solar or wind development projects.

Sec. 301. MNRTF Grant Agreements
Requires local units of government or qualifying nonprofits to enter into agreements with the Department of Natural Resources for the purpose of administering grant funding and specifies provisions that are required to be included in the agreements. (2/5/25 SBO letter)

Sec. 302. MNRTF Funding Carry-Forward
Authorizes unexpended funding to be carried forward consistent with Section 248 of the Management and Budget Act. (2/5/25 SBO letter)

Sec. 303 MNRTF Prior Appropriation Lapse
Authorizes unexpended appropriations made previously to lapse once projects have been completed or terminated. (2/5/25 SBO letter)
