The Menominee Area Public Schools community has been pursuing upgrades to their historic Walton Blesch field and stadium. Since the field was constructed in 1920, Walton Blesch Field has been an important part of the community and its identity. The funding would be used to replace the existing lights that are approximately 30 years old Metal Halide which are poor quality and very expensive to operate and support field improvements. Converting to LED will reduce costs and dramatically increase the illumination of the playing field. Funding to support field improvements would ensure

that students and spectators from across the state have access to a safe place to participate in organized sports in Menominee and saves taxpayers from paying for a completely new field.
