

# HOUSE of REPRESENTATIVES

## STATE OF MICHIGAN

### Appropriations Requests for Legislatively Directed Spending Items

---

1. The sponsoring representative's first name:  
Jason
2. The sponsoring representative's last name:  
Hoskins
3. The cosponsoring representatives' names. All cosponsors must be listed. If none, please type 'n/a.' A signed letter from the sponsor approving the co-sponsorship and a signed letter from the member wishing to co-sponsor are required. Attach letters at question #9 below.  
n/a
4. Name of the entity that the spending item is intended for:  
City of Lathrup Village
5. Physical address of the entity that the spending item is intended for:  
27400 Southfield Road, Lathrup Village, MI 48076
6. If there is not a specific recipient, the intended location of the project or activity:  
n/a
7. Name of the representative and the district number where the legislatively directed spending item is located:  
Jason Hoskins, House District 18
8. Purpose of the legislatively directed spending item. Please include how it provides a public benefit and why it is an appropriate use of taxpayer funding. Please also demonstrate that the item does not violate Article IV, S 30 of the Michigan Constitution. The purpose of this project is to clean, televise, and assess the condition of 50,000 linear feet of various-sized sanitary sewers throughout the City of Lathrup Village, rehabilitate over 1,700 linear feet of sewers requiring repairs, and address infrastructure that primarily dates back to the 1920s and 1930s, serving over 1,400 residents. This project is crucial because it addresses aging infrastructure that has been in place since the 1920s and 1930s, ensuring the sanitary sewer system continues to function effectively for over 1,400 residents. Cleaning, televising, and assessing the sewers allows

for the identification of any current issues or areas of concern, helping to prevent potential failures or costly emergency repairs in the future. The rehabilitation of over 1,700 linear feet of deteriorating sewer lines will improve the reliability and longevity of the system, reduce the risk of sewer backups or overflows, and enhance overall public health and sanitation. In the long term, this project will provide a safer, more efficient wastewater system, contributing to the City's infrastructure resilience and sustainability. Preliminary CCTV engineering has been completed; however, the remaining planning/engineering work will be completed after CCTV has been completed and CIPP planning is underway.

9. Attach documents here if needed:

Attachments added to the end of this file.

10. The amount of state funding requested for the legislatively directed spending item.

514000

11. Has the legislatively directed spending item previously received any of the following types of funding? Check all that apply.

["None"]

12. Please select one of the following groups that describes the entity requesting the legislatively directed spending item:

Local unit government

13. For a non-profit organization, has the organization been operating within Michigan for the preceding 36 months?

Not applicable

14. For a non-profit organization, has the entity had a physical office within Michigan for the preceding 12 months?

Not applicable

15. For a non-profit organization, does the organization have a board of directors?

Not applicable

16. For a non-profit organization, list all the active members on the organization's board of directors and any other officers. If this question is not applicable, please type 'n/a.'

n/a

17. "I certify that neither the sponsoring representative nor the sponsoring representative's staff or immediate family has a direct or indirect pecuniary interest in the legislatively directed spending item."

Yes, this is correct

18. Anticipated start and end dates for the legislatively directed spending item:

Spring 2026 to June 30, 2027

19. "I hereby certify that all information provided in this request is true and accurate."

Yes
