The proposed enhancements to this park, including improved safety and accessibility for pedestrians and bicyclists, will provide significant public benefit. Right now, the park is out of compliance with ADA standards. These funds would allow the township to construct a new bridge that is ADA compliant with connections to the walking path at both edges of the bridge that are also in compliance with ADA. By supporting this funding, we can allow the park to be welcoming to all individuals, while improving the safety for those who currently use the bridge. This improvement will allow for the

eventual connection of the George George Park trail to the Spillway Pathway, which connects to the regional trail system.
