The VFW National Home was born out of a desire to honor those who served our country by helping their families and has been doing so since 1925. The National Home has 43 single family homes, all located in Eaton Rapids, Michigan. We are predominantly funded by individuals and organizations, as well as businesses and corporations that care about the well-being of veterans and their families.

This grant will be used to construct two duplexes on campus, expanding the National

Home's capacity to support four additional families through the goal-oriented Red, White, and Blue Program. This structured program is designed to guide participants toward self-sufficiency, ultimately facilitating a successful transition to civilian life. These four homes will offer essential shelter and stability for military and veteran families with children facing significant challenges. We proudly support veterans and military members who have served our country with honor. Many have, or choose to place, roots in Michigan, finding community as they transition to civilian life with their family.

VFW National Home has a commitment to the community and provides several resources for veterans and their families. Programs offered to Veterans are employment services, education support, an onsite Veteran Service Officer, and an onsite Veteran Navigator. The community services offered within the community are a childcare center, gymnasium, playgrounds, library hiking trails, 4H barns, and computer and science labs.

We are a 501(c)(3) nonprofit organization that relies solely on donor support. With an annual budget of \$5.5 million, we can meet the full spectrum of our families' needs.
