Overview

The Michigan Department of State Police (MSP) provides general law enforcement services throughout the state and provides for the development and coordination of state-level programs, technologies, and specialized services that enhance enforcement and emergency response capabilities for the entire public safety community.

The Conference Committee (concurring with the Senate) rolls up several program lines into a single program line for each "core service" of the department. The Conference Committee (again concurring with the Senate) also consolidates several related boilerplate sections into a single section that is related to each core service of the department. The Conference Committee also adds sub-headings within the boilerplate sections specifically identifying the core service.

New Items Added by the Conference Committee		
1. State Capitol Complex Security	FTEs 7.0	17.0
Conference provides for an increase of \$1.8 million GF/GP and 17.0 FTE civilian positions (state properties security officers) to provide security services for the downtown Lansing state capitol complex, including the State Capitol. This would lessen the reliance on local law enforcement agencies.	Gross \$712,200	\$1,800,000
	GF/GP \$712,200	\$1,800,000
2. Security at Major Events (Uniform Services)	Gross N/A	\$1,200,000
Conference provides \$1.2 million GF/GP funding to cover costs of MSP troopers associated with additional show-of-force, enforcement, and traffic safety during major public or recreational events in the state.	GF/GP N/A	\$1,200,000
3. Secondary Road Patrol (One-Time Appropriation)	Gross \$14,060,000	\$150,000
Conference provides an additional \$150,000 GF/GP support for the Secondary Road Patrol program, which provides funding for county sheriffs' departments for secondary road patrol. The funds would be available for FY 2013-14 only. These funds supplement funding from the Secondary Road Patrol and Training Fund (supported by \$10 from each traffic citation). Conference-added boilerplate language states intent to form a workgroup of legislators, the department, and law enforcement agencies to review the revenue sources, allocation formula, administration and other issues concerning the secondary road patrol program. (As discussed in #10 the Conference committee also reduced the excess spending authorization for the Secondary Road Patrol program by \$3.0 million.)	Restricted 14,060,000	0

5. Trooper Recruit School			
<u>Executive</u> adds \$15.2 million GF/GP (\$4.2 million GF/GP one-time) for costs related to a new trooper school projected to graduate 107 troopers. The \$11.0 million identified as "on-going" costs supports the costs of salaries and wages (including benefits) paid to recruits during the time at the academy and upon graduation and placement in the field, while the one-time funds supports costs related to recruitment and selection of candidates, overtime costs for training instructors, outfitting and equipping the recruits, and costs related to the Field Officer Training program.	FTE Gross GF/GP	N/A N/A N/A	107.0 \$14,661,900 \$14,661,900
<u>House</u> and <u>Senate</u> reduce funding for one-time costs by \$750,000 GF/GP, with savings realized by delaying the start of the academy. (This is, in effect, a one-time savings of on-going costs.) The school was scheduled to begin in October. The reduction here delays the start of the school by 1-2 months.			
<u>Conference</u> reduces one-time funding for the trooper recruit school by \$550,000 prompting a delay in the recruit school.			
6. Emergency Operations Center Rent (One-Time Appropriation)			
<u>House</u> and <u>Senate</u> provide \$750,000 GF/GP in one-time funds to support the full-year cost of rent payments for the State Emergency Operations Center (SEOC). The FY 2012-13 budget only included funding for a partial year through a "one-time" appropriation, which was not continued by the Executive in FY 2013-14, while a new state-owned facility is being constructed.	Gross GF/GP	\$350,000 \$350,000	\$350,000 \$350,000
<u>Conference</u> provides \$700,000 GF/GP for rent payments for the SEOC facility. Funding is built into the "ongoing" appropriations for Support Services, rather than one-time appropriations.			
7. Disaster and Emergency Contingency Fund			
<u>Executive</u> appropriates \$4.0 million GF/GP in FYs 2013-14 and 2014-15 (\$8.0 million combined) to the Disaster Contingency Fund established in the Emergency Management Act to provide assistance to state agencies and qualifying local governments responding to natural or man-made disasters; includes a boilerplate authorization of up to \$800,000 to be expended from the fund; per the Emergency Management Act, the funds is only available to state agencies and local governments responding to a state disaster or state of emergency (declared by the governor) when federal assistance is not available; implementing legislation would change the name of the funds and increase the minimum and maximum amounts that may be held in the fund.	Gross GF/GP	N/A N/A	\$2,000,000 \$2,000,000
<u>House</u> appropriates \$1.0 million GF/GP in FY 2013-14 to the Disaster Contingency Fund and reduces the boilerplate authorization to \$500,000.			
<u>Senate</u> does not appropriate funding to the Disaster Contingency Fund.			
<u>Conference</u> appropriates \$2.0 million GF/GP in FY 2013-14 to the Disaster Contingency Fund, and maintains the boilerplate authorization at the Executive-proposed \$800,000.			
8. Michigan International Speedway Traffic Control			
<u>Executive</u> and <u>House</u> discontinue \$800,000 GF/GP in one-time funding to provide traffic control during events at the Michigan International Speedway.	Gross GF/GP	\$800,000 \$800,000	\$0 \$0
<u>Senate</u> continues the \$800,000 GF/GP one-time appropriation.

Gross		\$21,258,700	\$2,287,300
Executive adds \$2.3 million Gross (\$2.1 million GF/GP) for increased information technology costs related to be mobile data computers in MSP vehicles (\$2.0 million Gross); upgrading to Windows 7 and increased costs related to the Center for Shared Solutions (\$151,200 Gross); and improvements to the state's wireless infrastructure and Internet bandwidth (\$132,100 Gross). House concurs with the Executive, except that it does not include funding for improvements to the state's wireless infrastructure and Internet bandwidth (\$132,100 Gross and \$101,800 GF/GP)

Senate concurs with the Executive.

Conference concurs with the Executive (including funding for wireless infrastructure and internet bandwidth).

10. Align Spending and FTE Authorization

Of these reductions, the most notable is a reduction of \$3.0 million in spending authorization for the Secondary Road Patrol Program, which provides grants to county sheriff's departments. (Appropriations have been about \$14.0 million in the last several years, while available revenues from the Secondary Road Patrol and Training Fund have been less than \$9.0 million).

Items Agreed to by the Executive, House, and Senate, and Conference

11. At-Post Troopers: COPS Grant GF/GP Offset

Executive, House, Senate, and Conference add \$2.1 million GF/GP to offset the exhaustion of a three-year \$5.8 million grant from the federal Department of Justice Community Oriented Policing Services (COPS) Hiring Program in FY 2010-11. The original grant enabled the department to hire 21 community service troopers (CST), paying 100% of the approved salary and benefits for the troopers over a three-year period. At the end of the grant period, the MSP (as a condition of its grant award) must retain the troopers for a minimum of 12 months. This fund shift would fulfill that requirement.

House and Senate concur with the Executive.
