Temporary Assistance for Needy Families

- Block grant established in 1996 by federal welfare reform legislation (replaced former Aid to Families with Dependent Children)

- State family assistance grants can be used to assist families with minor children or pregnant women

- State plan must outline:
  - Details of cash assistance program for needy families
  - Work requirements for parents (apply, at the latest, after 24 months of receiving assistance)
  - Plan to comply with work participation requirements (certain % of TANF caseload must be engaged in work activities or state faces penalties; credit for reduced caseloads reduces required % for many states, including Michigan)

- Federal lifetime limit of 60 months TANF assistance for recipients with 20% hardship exemption
  - States allowed to use their own funds to negate time limit
  - Michigan set a 48-month state time limit on assistance, but with various exemptions
Overview of TANF Funding

TANF GRANT
$775.3 M = Regular TANF grant
$155.1 M = TANF Contingency funds

STATE MAINTENANCE OF EFFORT
FY 09 = $606.5 M
To receive TANF grant, state must maintain own spending on families with needy children
MOE = 100% of FY 1993-94 spending on former AFDC programs in order to receive contingency funding (excluding child care expenditures)
STATE MATCHING FUNDS FOR CONTINGENCY
FY 09 = $102.2 M
Match = roughly 66% of any contingency funds drawn (based on Medicaid match rate)

ADMINISTRATION
Less than 15%; FY 2008-09 = $72.6 M

CHILD CARE/DEV BLOCK GRANT
Up to 30%; FY 2008-09 = $103.5 M

SOCIAL SERVICES BLOCK GRANT
Up to 10%; FY 2008-09 = $77.5 M

TANF-FUNDED PROGRAMMING: ELIGIBLE PURPOSES
• Assistance to needy families so children cared for in own homes or homes of relatives

Federal TANF Program Reauthorization

- Budget Reconciliation Act of 2006 reauthorized TANF through FY 2009-10

- Major provision of Act increased effective “work participation requirements” for all states: states must engage at least 50% of cash assistance cases in minimum levels of work activities to avoid federal penalties
  - Prior to reauthorization, states received “caseload reduction credit” for decreases in welfare caseloads from FY 1994-95 levels
  - Credit effectively reduced Michigan’s work requirement to 0% as Michigan’s caseload dropped sharply in the late 1990s
  - New caseload reduction credit is now linked to FY 2004-05 caseload level, effectively restoring the 50% participation rate requirement for FY 2006-07
  - Michigan’s caseload reduction credit reduced target rate to 30.5% for FY 2006-07; most recent participation rate is 36.7% from May 2008
DHS has 112 local offices across the state which are responsible for processing public assistance applications and monitoring case files, overseeing foster care and protective services cases, and administering other DHS programs.

Local office expenditures account for 15 percent of the DHS budget and employ 8,300 FTEs. The number of FTEs in the local offices started to decline in early 2002 as a result of an early retirement incentive. FTEs began to increase in 2008.

Settlement of lawsuit brought against Michigan by the non-profit advocacy group Children’s Rights requires reductions in caseload-to-worker ratios for various categories of child welfare workers. This requirements have contributed significantly to recent staffing increases.

MAJOR PROGRAM AREAS
Public Assistance Programs

- Major programs include:
  - Family Independence Program: cash assistance to low-income households
  - Emergency Services programs: emergency assistance to provide shelter and financial support to low-income households
  - Food Assistance Program: supports food purchases of eligible low-income households
  - State Disability Assistance: cash assistance for disabled adults who are unable to work
  - Day Care Services: supports child care expenditures for low-income households with dependent children
Family Independence Program (FIP)

- Cash assistance to low-income households with dependent children to help with basic subsistence needs (clothing, housing, utilities)

- FIP group must meet income and asset eligibility requirements (typical family of three must have monthly income below $815—annual around $9,780; financial assets of less than $3,000)

- Federal TANF law provides funds and maintenance of effort requirements, establishes work requirements, and sets 60-month lifetime time limit (with exceptions) for TANF recipients

- Michigan has discretion to set benefit levels and eligibility requirements and to define activities to meet work requirements within federal guidelines

- Program changes to help Michigan address work requirements:
  - Additional GF/GP not counted towards MOE requirements used to finance some benefits; recipients of state-funded benefits do not count toward state’s work participation rate
  - $10 monthly extended FIP benefit for six months to those who leave FIP due to earned income
FIP Funding Sources

FY 2009-10 Total = $384,642,400
Chart Shows FY 2008-09 Spending by Source

- **State GF/GP**: $238,139,939 (65.5%)
- **TANF**: $32,495,602 (8.9%)
- **Restricted**: $32,986,665 (9.1%)
- **Merit Award Trust Fund**: $60,000,000 (16.5%)

- **Merit Award funding was transferred from Higher Education to replace TANF funding shifted to finance state scholarship programs**
- **Around $55 million of GF/GP does not count as maintenance of effort; used for state-funded benefits for two-parent families and certain households with employment barriers**

Child support and other public assistance recoupments applied to recipient grants.
Primarily due to case openings policy change, FIP caseload increased from 78,198 in April 2006 to 89,333 by May 2007; policy modification reversed the trend and caseload decreased steadily until December 2008.

Average monthly benefit is about $414 with average family group of 2.7 persons.

One adult recipient and two children can receive benefits of up to $492 per month.
Day Care Services

- Financial assistance for child day care to qualifying families when caretaker is unavailable due to employment, education, or treatment of health/social condition

- Eligibility:
  - Family groups receiving FIP assistance, foster care families, and families with protective service cases are categorically eligible
  - Other family groups must meet income eligibility requirements (monthly income below $1,990 for typical family of three, about $23,800 annual—around 38% of median income)

- Federal law allows:
  - Use of TANF revenue for child care, and provides Child Care and Development Block Grant funds
  - States to serve families with incomes up to 85% of state median income for same-sized groups (must provide parents with “maximum choice” in selecting provider)

- Michigan can establish its own eligibility guidelines/payment structure; recent Auditor General review suggested significant levels of mispayments and potential fraud within the program prompting legislative action to enhance oversight

- Average monthly benefit is about $600; average of two children per day care case
- Maximum hourly rate of support varies depending on child’s age and provider type
- FY 10 budget reduces amount by $15 million for day care provider rates as a result of eliminating the use of shelter areas in setting provider rates and requiring unregulated providers to complete training

*FY 10 appropriation
Food Assistance Program

- Supplements food purchase power of low-income individuals and families

- Benefits, based on income and household size, can be used to purchase eligible food from authorized retailers or approved meal providers

- Actual benefit level varies depending on group size and income
  - Benefit = Maximum allotment for group size minus 30% of counted income (represents expected contribution by family toward food); maximum allotment for family of three is about $525

SDA Caseload and Spending Trends

- Average monthly benefit is about $280 per month
- Most SDA groups consist of a single person between the ages of 18 and 65
- Average length of time on SDA is about 7–8 months

LIHEAP Spending

The Federal LIHEAP funding is used to fund three programs: the Home Heating Credit, SER, and Weatherization. LIHEAP funding saw a significant increase to the FY 2009 allocation. FY 2010 LIHEAP allocation was reduced by almost $27 million and reflects the spending per program according to the FY 2010 LIHEAP state plan. Spending also includes grants from the Michigan Public Service Commission.

* Does not include separate weatherization funding provided through the U.S. Department of Energy

Adoption Subsidy Program

- Helps address financial barriers to adopting children with special needs by providing financial and medical support subsidies to adoptive families
  - Cash subsidies provide for basic support and care
  - Medical subsidies help support necessary treatment for pre-existing physical, mental, or emotional condition

- Child must
  - Be AFDC or SSI-eligible
  - Have “special needs” (medical/mental health needs, age three or older, part of sibling group, relative adoption) as defined by state

- Written Adoption Assistance agreement must be entered prior to finalizing adoption
Adoption Subsidy Program

- Federal TANF law requires states to administer Adoption Subsidy program and forbids states from using a means test as an eligibility factor
- Adoption subsidy rates are limited to the relevant foster care rate for the child
- Michigan determines the definition of “special needs” and sets payment level standards
- States may use income to determine payment level (Michigan does not exercise this option—adoption subsidies reflect full foster care rates)

  - Requires same services be provided non-TANF families for $25 application fee; Michigan does not impose this fee on clients
Child Support Enforcement

- Office of Child Support administers program in accordance with federal guidelines and contracts with prosecuting attorneys and Friends of the Court

- Collection and distribution of support handled though contracted State Disbursement Unit (MiSDU)

- State imposes a $25 service fee for non-TANF families (as allowed under federal law) that receive at least $500 in collected support annually

- Recent change to federal law
  - Eliminated the ability of state and counties to use federal incentive grant awards as match to draw additional federal dollars
  - Led to $16.7 million in new GF/GP replacement funding being added to the FY 2007-08 budget to avoid state and local program reductions
  - American Recovery and Reinvestment Act restored the state’s ability to use federal incentive awards as match for additional federal dollars for FY 2008-09 and FY 2009-10 only

Juvenile Justice Services Program

- Bureau of Juvenile Justice provides for care and supervision of state wards age 12 to age 21 referred to DHS by the courts due to delinquency

- Program focuses on prevention and rehabilitation as well as correctional services

- Major responsibilities:
  - DHS-Operated (Public) Residential Facilities—options range from community-based programs to secure settings
  - Administration of Child Care Fund reimbursements to counties
  - Juvenile Justice grant administration and distribution

- Recent issues:
  - FY 2009-10 budget closed Nokomis Challenge Center and two remaining community juvenile justice centers at the end of the first quarter
  - Moved the youth at the W.J. Maxey Training School from the larger Woodland unit to the smaller Green Oaks unit; Department of Corrections will take over the Woodland Unit to house inmates with mental illness and or special accommodations that cannot be met in the general population

Note: Private residential facilities for delinquency and abuse/neglect cases are funded in Foster Care Payments and Child Care Fund line items.
DHS-Operated Residential Facilities
