Department Military and Veterans Affairs

The Department of Military and Veterans Affairs serves the dual purpose of providing an operational military force in support of state and federal homeland security needs and providing a network of services and programs in support of the state's veteran population and their families.

- The **Michigan National Guard** serves to protect the lives and property of Michigan citizens during times of emergency and civil unrest, and to assist the federal government in defending the sovereign interest of the United States. Ongoing state-level operations include:
 - Maintaining operational armories
 - Maintaining operational military training sites and support facilities
 - Michigan Youth ChalleNGe Academy (MYCA)
 - Military Family Relief Fund
 - Starbase Program
 - Michigan National Guard Tuition Assistance Program
- The **Michigan Veterans Affairs Agency (MVAA)** has oversight responsibility of delivery of services and programs to veterans. This includes:
 - Michigan Veterans' Facility Authority
 - Operation of the state veterans homes (Grand Rapids and D.J. Jacobetti in Marquette)
 - Michigan Veterans Trust Fund
 - Veterans Service Organization (VSO) grants

Key Budget Terms

Fiscal Year: The state's fiscal year (FY) runs from October to September. FY 2019-20 is October 1, 2019 through September 30, 2020.

Appropriation: Authority to expend funds. An appropriation is not a mandate to spend. Constitutionally, state funds cannot be expended without an appropriation by the legislature.

Line Item: Specific appropriation amount in a budget bill which establishes spending authorization for a particular program or function.

Boilerplate: Specific language sections in a budget bill which direct, limit, or restrict line item expenditures, express legislative intent, and/or require reports.

Lapse: Appropriated amounts that are unspent or unobligated at the end of a fiscal year. Appropriations are automatically terminated at the end of a fiscal year unless designated as a multi-year work project under a statutory process. Lapsed funds are available for expenditure in the subsequent fiscal year.

Note: Unless otherwise indicated, historical budget figures in this presentation have not been adjusted for inflation.

DMVA Funding History

Funding for Military and Veterans Affairs has grown by approximately **66%** since FY 2005-06. Large portions of the overall increase come from the establishment of the MVAA in 2012, as well as an increase in federal revenues over the time period.

Michigan Youth ChalleNGe Academy

Voluntary basic training-style program for at-risk youth administered by the department. The program includes two 22-week residential programs (Ft. GF/GP appropriations comprise **72%** of total fund sources for the Michigan Veterans Affairs Agency.

Michigan Veterans Population

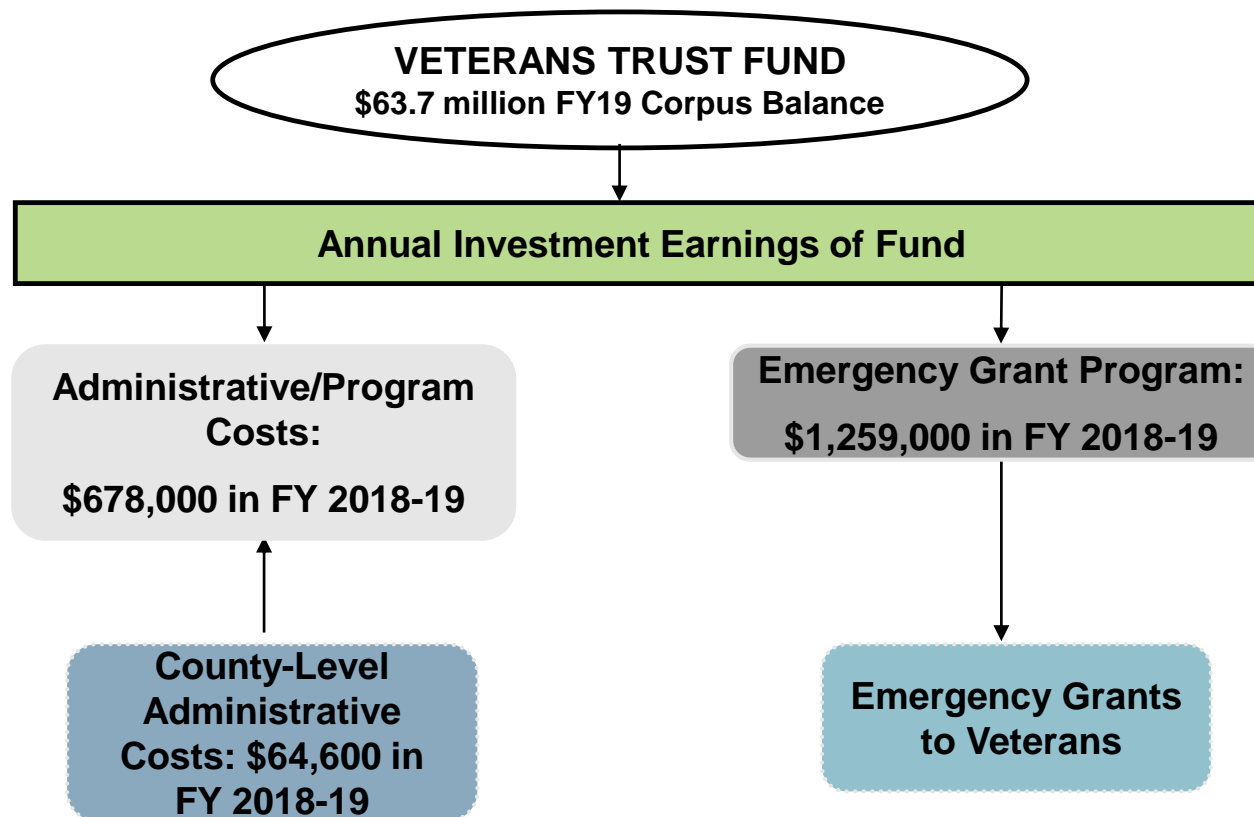

The total estimated statewide veteran population is approximately 570,000 as of May 2019. Wayne County is home to the largest proportion of veterans with an approximate population of 83,000, followed by Oakland and Macomb Counties with approximately 55,000 and 46,000 veterans, respectively.

Note: Population projections extracted from the USDVA VetPop2014 survey.

Michigan Veterans Trust Fund

Established in 1946 with \$50.0 million in principal, the trust fund investment earnings provide emergency financial assistance grants to veterans for temporary, unforeseen hardships (e.g., housing, utilities, food, medical, and transportation).

Veterans Service Organization Grants

Grant payments to VSOs have stayed steady from FY 2005-06 to FY 2019-20 except for a decrease in funding between FY 2009-10 and FY 2012-13. Reduced funding was due, in large part, to Great Recession era budget cuts.

FY 2019-20 Grand Rapids Home for Veterans Fund Sources

Federal revenues (USDVA Veterans Health Administration, Medicare, and Medicaid) comprise approximately **42%** of total fund sources for the Grand Rapids Home for Veterans. State restricted revenues consist of income and assessments paid by resident veterans.

Federal revenues (USDVA Veterans Health Administration, Medicare, and Medicaid) comprise **42%** of total fund sources for the D.J. Jacobetti Home for Veterans. State restricted revenues consist of income and assessments paid by resident veterans.

Veterans Homes Funding

Between FY 2010-11 and FY 2019-20, gross appropriations to the Grand Rapids Home decreased by approximately **4%** while gross appropriations to the Jacobetti Home increased by approximately **32%** over the same period. Declining revenues for the Grand Rapids Home are due, in large part, to declining member census and the inability of some veterans to pay assessment fees.

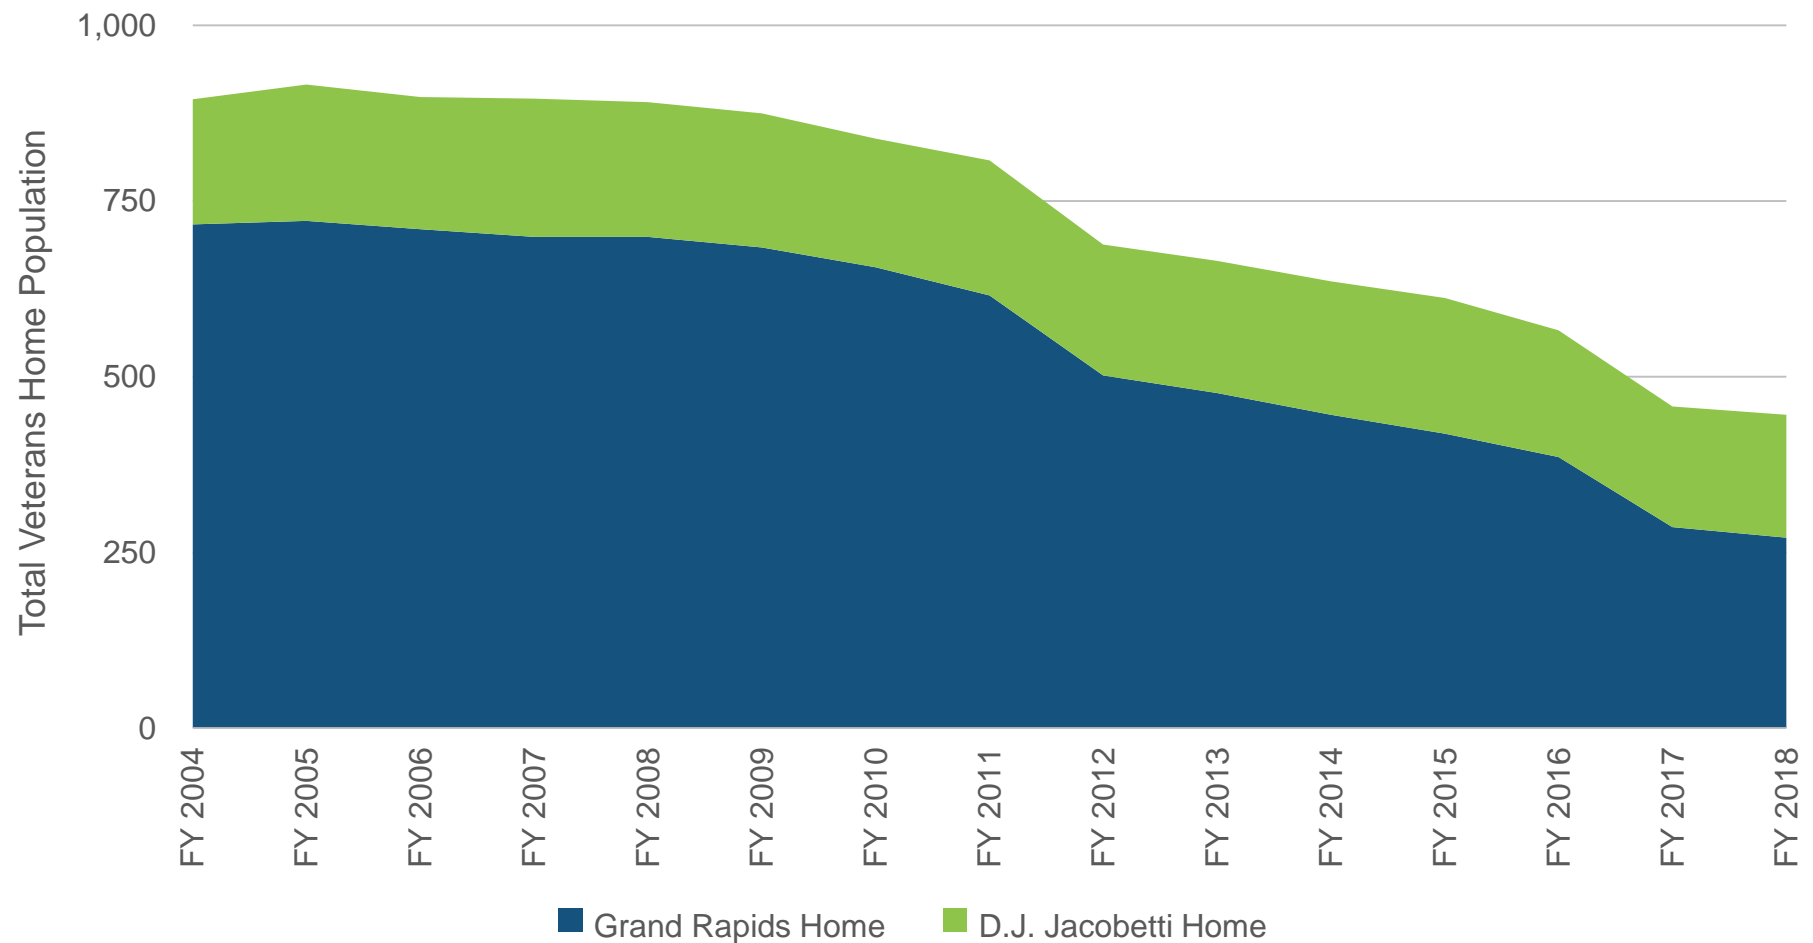

Veterans Homes GF/GP Funding

Between FY 2010-11 and FY 2019-20, GF/GP appropriations to the Grand Rapids and Jacobetti Home increased by approximately **57%** and **94%**, respectively. Increasing GF/GP appropriations are due, in large part, to the need to offset restricted fund revenue shortfalls due to declining member census and the inability of some veterans to pay the maximum assessment fees.

Veterans Homes Population

Total veteran membership at the Grand Rapids Home has decreased by approximately **60%** between the end of FY 2003-04 and the end of FY 2017-18, while veteran membership at the D.J. Jacobetti Home in Marquette has decreased by approximately **3%** over the same time period.
