1. Traffic Citation Assessment Fund

House Subcommittee creates a new fund based on the Secondary Road Patrol and Training Fund, which is funded by a \$10 assessment on traffic violations. The Traffic Citation Assessment Fund would be funded in a similar manner with a \$5 assessment on traffic violations. An estimated \$6.0 million would be generated by this assessment and the funding would go to the following lines: \$2.2 million to At-Post Troopers (House Subcommittee does not concur with Exec. Rec. to transfer \$2.2 million from the Secondary Road Patrol and Training Fund to the At-Post Troopers line); \$798,800 to the Criminal Justice Information Center line and \$964,200 to the Information Technology Services and Projects line (House Subcommittee does not concur with Exec. Rec. to increase I-CHAT fees by \$5); \$1,389,800 to Information Technology Services and Projects to cover Local LEIN Fees; \$500,000 to Information Technology Services and Projects for various technology upgrades; and \$147,200 to the new Mobile Data Terminals line for mobile data terminal upgrades.

New boilerplate language (Sec. 244) details how these funds are to be distributed. House Appropriations Committee concurs. House concurs. Senate Subcommittee does not concur with the House to include the new Traffic Citation Assessment Fund. Senate Appropriations Committee concurs with the Senate Subcommittee. **Senate concurs with the Senate Subcommittee.**
