<p><i>Pathways to Potential Program</i></p> <p>Sec. 809. (1) The purpose of the pathways to potential program is to reduce chronic absenteeism, increase graduation rate, and decrease the number of students who repeat grades for schools that are current or future participants in the pathways to potential program. Before any deployment of resources into a participant school, the department and the participant school shall establish performance objectives for each participant school based on a 2-year baseline prior to pathways to potential being established in the participant school and shall evaluate the progress made in the above categories from the established baseline. By March 1 of the current fiscal year, the department shall provide to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, and the senate and house policy offices a report listing all participant schools, the number of staff assigned to each school by participant school, and the percentage of participating schools that achieved improved performance in each of the 3 outcomes listed above compared to the previous year, by each individual outcome. It is the intent of the legislature that after a 2-year period without attaining an increase in success in meeting the 3 listed outcomes from the established baseline, the department shall work with the participant school to examine the cause of the lack of progress and shall seek to implement a plan to increase success in meeting the identified outcomes. It is the intent of the legislature that progress or the lack of progress made in meeting the performance objectives shall be used as a determinant in future pathways to potential resource allocation decisions.</p>	<p>Sec. 809.
