Department of Technology, Management, and Budget

- The Department of Technology, Management, and Budget (DTMB) was created through the merger of the Department of Management and Budget and the Department of Information Technology under Executive Order 2009-55
- Authorized under the Management and Budget Act (1984 PA 431), DTMB is the central service and management element of the Executive branch of state government
- Department responsibilities include:
 - Information technology services and project support for state departments and agencies
 - Managing and maintaining state property, including the motor vehicle fleet
 - Purchasing and procurement for the state
 - Developing and monitoring the state budget
 - State accounting functions
 - Managing the state's retirement systems

Key Budget Terms

Fiscal Year: The state's fiscal year (FY) runs from October to September. FY 2021-22 is October 1, 2021 through September 30, 2022.

Appropriation: Authority to expend funds. An appropriation is not a mandate to spend. Constitutionally, state funds cannot be expended without an appropriation by the legislature.

Line Item: Specific appropriation amount that establishes spending authorization for a particular program or function in a budget bill.

Boilerplate: Specific language sections in a budget bill that direct, limit, or restrict line item expenditures, express legislative intent, and/or require reports.

Lapses: Appropriated amounts that are unspent or unobligated at the end of a fiscal year. Appropriations are automatically terminated at the end of a fiscal year unless designated as a multi-year work project under a statutory process. Lapsed funds are available for expenditure in the subsequent fiscal year.

Note: Unless otherwise indicated, historical budget figures in this presentation have not been adjusted for inflation.

FY 2021-22 Fund Sources

Of the **\$1.7 billion** DTMB budget, **62%** is funded by interdepartmental grants, which pay DTMB for services provided to other departments and agencies, and **31%** of the budget is funded by GF/GP.

DTMB Share of Total State Budget

The DTMB Operations budget represents less than 1% of the \$68.7 billion state budget (adjusted gross) for FY 2021-22.

DTMB Funding History

Funding for DTMB has grown by **89%** since FY 2007-08, driven mainly by the merging of departments, increased IDG funding, and transfers from other departments, including: State Building Authority rent payments (FY 2007), Civil Service (FY 2008), and Information Technology (FY 2011). IDG funding has increased 40% since FY 2018-19 primarily due to reflecting IT budget structure changes within DHHS.

Note: Amounts prior to FY 2010-11 are totals for DMB, Department of Information Technology, and Civil Service

DTMB and Statewide IT Spending

Information Technology Appropriations

- Information Technology Investment Fund (ITIF)
 - Created to address the need to modernize state agencies' many aging information systems
 - A major component of the DTMB's IT budget since 2013
 - Funded through annual GF/GP appropriations
 - Consists of a portfolio of approximately 20 active projects overseen by its own governing board (Project dashboards can be viewed [here](#))
 - Demand for modernization projects not expected to decrease in coming years
 - SIGMA is the state's financial and resource planning tool and replaces MAIN. It was the largest ongoing ITIF and state IT project. Large portions of ITIF appropriations had been dedicated to SIGMA until recent years

Information Technology Investment Fund (ITIF)

The FY 2018-19 appropriation was substantially reduced primarily due to the completion of the SIGMA project. In FY 2021-22, **\$50.0 million** is appropriated for ITIF projects, of which **\$15.0 million** is designated as a one-time appropriation.

“To enable the commission to exercise its powers, the legislature shall appropriate to the commission for the ensuing fiscal year a sum not less than one percent of the aggregate payroll of the classified service for the preceding fiscal year, as certified by the commission.”
- Executive Order 2007-30 transferred all Department of Civil Service functions to DTMB and transferred all human resources functions from state agencies to the commission within DTMB.
- The state personnel director is a classified position selected by the Civil Service Commission to serve as the principal executive officer for the commission.
