Subject: Voicing support

Good morning! I understand The House Appropriations subcommittee reviewing the Governor's budget request tomorrow, and I would like to voice my support for increasing funding for the Michigan Quitline, supporting local and county prevention programs, educational efforts and staffing for the Tobacco Section. It is suggested by the CDC that Michigan spend \$110 million annually on prevention and cessation efforts and we currently spend less than \$2 million annually and are ranked 46th in the nation in these efforts, and I believe we can do better.

Thank you,

Julianne (Julie) Ross BSN, RN, TTS
