

KEYS GRACE ACADEMY

\$1.5 million request

Dear Members of the Subcommittee,,

Thank you for your continued commitment to supporting programs that build stronger, more self-sufficient communities. I am proud to present the ongoing success and impact of the KEYS Grace educational program, which has served as a pioneering initiative in helping new Americans assimilate more effectively and contribute meaningfully to our local economy.

Through your prior support, they have been able to:

- Help thousands of new Americans gain the skills needed to integrate confidently and efficiently into society,
- Train and place individuals in essential workforce sectors,
- And establish critical family and community support programs like the New American Parent 'University.'

We respectfully request your consideration for continued or increased grant funding so we can expand our reach and maximize long-term impact for our growing community.

Program Impact Summary Chart
