

What is MITTIN?

MITTIN – is a dynamic collection of instructional modules and curricular resources designed to help learners develop essential independent living skills at home and in the community. MITTIN’s resources are interactive, engaging, and focus on practical, real-world experiences to ensure your learner is ready for life beyond the classroom.

How MITTIN Helps Your Learner

MITTIN provides a structured approach to building independence through a series of instructional modules. Each module is designed to teach foundational skills progressively, starting with basic tasks and advancing to more complex routines. With MITTIN, your learner can practice life skills like cooking, budgeting, safety, and navigating public spaces.

Your Learner Will Gain:

-  **Real-Life Experience:**
Interactive modules that simulate real-world tasks.
-  **Confidence:**
Building self-reliance through safe, independent decision-making.
-  **Practical Skills:**
Learning to cook, use public transportation, and manage money.
-  **Progressive Learning:**
Start with simple tasks and move toward more complex routines at their own pace.

Why Choose MITTIN for Your Learner?

MITTIN is designed to support learners who need additional time and instruction, and is especially beneficial for students with diverse needs. Whether they are preparing for life at home or in the community, MITTIN ensures they're equipped with the skills necessary for independence.

Benefits of MITTIN:

-  **Designed for Special Education:**
Tailored for learners with unique needs and abilities.
-  **Supports Independence:**
Connects classroom lessons to real-world scenarios.
-  **Safe and Engaging:**
A structured, safe environment to practice skills at your learner's own pace.
-  **Confidence in Daily Life:**
Learners can build skills they'll use every day, from safety awareness to managing household tasks.
