CARVE YOUR PATH

74% of ages 18-20 perceive a stigma around choosing a trade school*

*According to a 2023 Jobber survey of 1,000 US-based young adults (18–20); for more, see Michelle Thompson, “Trades career stigma continues to dissuade talent from entering field, study shows,” Repairer Driven News, October 30, 2023.

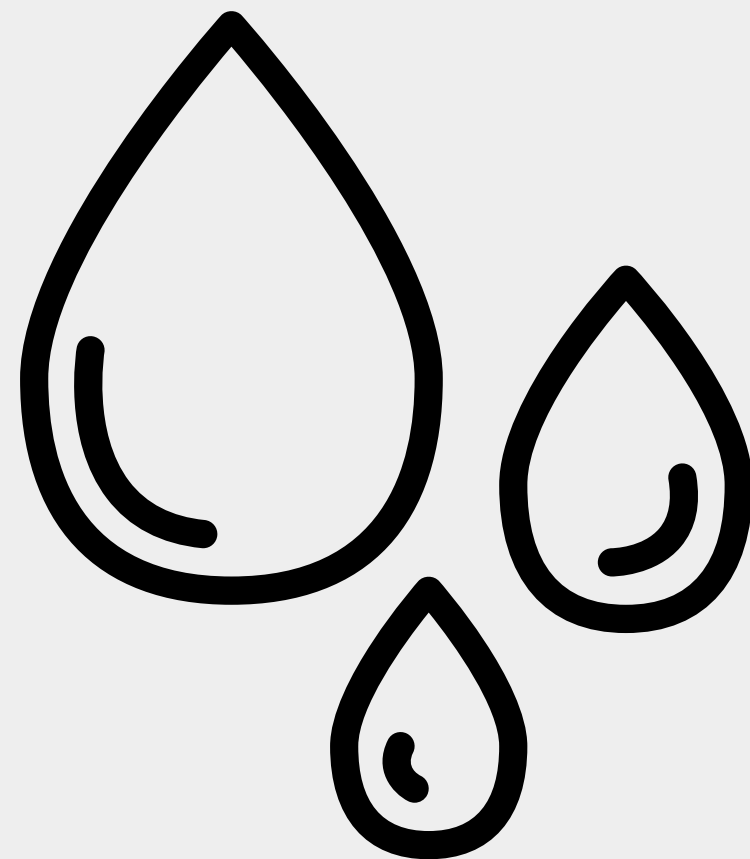

79% said their parents expected them to pursue a university education.

Only 5% said their parents encouraged vocational education.

*According to a 2023 Jobber survey of 1,000 US-based young adults (18–20); for more, see Michelle Thompson, “Trades career stigma continues to dissuade talent from entering field, study shows,” Repairer Driven News, October 30, 2023.

The background of the image features a large, faint, circular seal of the Samuel R. Ford Working Girls' Institute. The seal contains a central tree with many leaves and a complex root system. The text "SAMUEL FORD WORKING GIRLS' INSTITUTE" is written in a circular path around the tree. At the bottom of the seal, the Latin motto "Scientia Per Amare Ac Labore." is inscribed.
