Department Military and Veterans Affairs

The Department of Military and Veterans Affairs serves the dual purpose of providing an operational military force in support of state and federal homeland security needs and providing a network of services and programs in support of the state's veteran population and their families.

- The **Michigan National Guard** serves to protect the lives and property of Michigan citizens during times of emergency and civil unrest, and to assist the federal government in defending the sovereign interest of the United States. Ongoing state-level operations include:
 - Maintaining operational armories
 - Maintaining operational military training sites and support facilities
 - The Michigan Youth ChalleNGe Academy (MYCA)
 - The Military Family Relief Fund
 - The Starbase Grant
 - The Michigan National Guard Tuition Assistance Program
- The **Michigan Veterans Affairs Agency (MVAA)** has oversight responsibility over the delivery of services and programs to veterans. This includes:
 - The Michigan Veterans' Facility Authority
 - Operation of the state veterans homes (Grand Rapids and D.J. Jacobetti in Marquette)
 - The Michigan Veterans Trust Fund
 - Veterans Service Organization (VSO) grants

Key Budget Terms

Fiscal Year: The state's fiscal year (FY) runs from October to September. FY 2018-19 is October 1, 2018 through September 30, 2019.

Appropriation: Authority to expend funds. An appropriation is not a mandate to spend. Constitutionally, state funds cannot be expended without an appropriation by the Legislature.

Line Item: Specific appropriation amount in a budget bill which establishes spending authorization for a particular program or function.

Boilerplate: Specific language sections in a budget bill which direct, limit, or restrict line item expenditures, express legislative intent, and/or require reports.

Lapse: Appropriated amounts that are unspent or unobligated at the end of a fiscal year. Appropriations are automatically terminated at the end of a fiscal year unless designated as a multi-year work project under a statutory process. Lapsed funds are available for expenditure in the subsequent fiscal year.

Note: Unless otherwise indicated, historical budget figures in this presentation have not been adjusted for inflation.

Michigan Youth ChalleNGe Academy

Voluntary basic training-style program for at-risk youth administered by the department. The program includes two 22-week residential programs (Ft. Michigan Veterans Trust Fund

Established in 1946 with \$50.0 million in principal, the trust fund investment earnings provide emergency financial assistance grants to veterans for temporary, unforeseen hardships (e.g., housing, utilities, food, medical, and transportation).

Veterans Service Organization Grants

Grant payments to VSOs have decreased by approximately 1% between FY 2002-03 and FY 2018-19. Funding reductions between FY 2009-10 and FY 2012-13 were due in large part to Great Recession era budget cuts, among other issues.

FY 2018-19 Grand Rapids Home for Veterans Fund Sources

Federal revenues (USDVA Veterans Health Administration, Medicare, and Medicaid) comprise of approximately 42% of the total fund sources for the Grand Rapids Home for Veterans. State restricted revenues consist of income and assessments paid by resident veterans.

FY 2018-19 D.J. Jacobetti Home for Veterans Fund Sources

Federal revenues (USDVA Veterans Health Administration, Medicare, and Medicaid) comprise of 42% of the total fund sources for the D.J. Jacobetti Home for Veterans. State restricted revenues consist of income and assessments paid by resident veterans.

Veterans Homes Funding

Between FY 2010-11 and FY 2018-19, gross appropriations to the Grand Rapids Home have decreased by approximately 3% while gross appropriations to the Jacobetti Home increased by approximately 40% over the same period. Declining revenues for the Grand Rapids Home are due in large part to declining member census and the inability of some veterans to pay assessment fees.

Veterans Homes GF/GP Funding

Between FY 2010-11 and FY 2018-19, GF/GP appropriations to the Grand Rapids and Jacobetti Homes have increased by approximately 58% and 120%, respectively. Increasing GF/GP appropriations are due in large part to offset restricted fund revenue shortfalls due to declining member census and the inability of some veterans to pay the maximum assessment fees.

Veterans Homes Population

Total veteran membership at the Grand Rapids Home has decreased by approximately 60% between the end of FY 2003-04 and the end of 2017, while veteran membership at the D.J. Jacobetti Home in Marquette has decreased by approximately 3% over the same time period.

Vietnam Veterans Outreach: \$600,000 GF/GP to support an outreach program aimed at assisting Vietnam era veterans in obtaining U.S. Department of Veterans Affairs Benefits.
