

October 4, 2018

Members of the House Energy Policy Committee,

I am sending all 19 Representatives on the committee a document called; International Appeal: Stop 5G on Earth and in Space. Please take 15 minutes of your time to read and re read this document. It may very well be the most important 15 minutes in your life. I do **NOT** exaggerate! Allow me to quote just ONE of the many paragraphs you will be reading.

"If the telecommunications industry's plans for 5G to come to fruition, no person, no animal, no bird, no insect, and no plant on Earth will be able to avoid exposure, 24 hours a day, 365 days a year, to levels of RF radiation that are tens to hundreds of times greater than what exists today, without any possibility of escape anywhere on the planet. These 5G plans threaten to provoke serious, irreversible effects on humans and permanent damage to all of Earth's ecosystems." 5GSPACEAPPEAL.ORG

If THAT doesn't get your attention, read the entire article. I would have to think that all the doctors and the scientists are not full of crap. Any sane person can easily see that 5G technology should not be unleashed on our planet. Vote **NO** on all the current 5G Bills. Do you want a legacy that says because I am on the committee and voted for 5G, I was partly responsible for f^#*ing up our planet? This IS the most serious issue you will vote on in your lifetime. I kid you not. Thank you for reading. I apologize in advance if I have offended any of you, but this issue is **THAT** serious.

Respectfully,

John Kurczewski
