Subject: Please Support 4416-4419

Members of the House Judiciary Committee,

I am writing you today to strongly urge you to support HB441-4419 and allow them to pass your Committee and be considered by the entire House.

No other right is burdened with the same restrictions as our right to keep and bear arms. Should we make citizens take some sort of mandated training before choosing a Religion to practice? What about paying a fee in order to exercise the right to free speech? How about required training before picking a lawyer to represent you?

Please do not forget that we are considering a Right here and not a privilege.

Currently, under Michigan law, a citizen becomes guilty of a felony if, when exercising a God given RIGHT to carry a firearm, he/she covers themselves and that firearm with a jacket. Does this make sense to any of you?

Please help me to understand exactly how my family and I are any safer by paying a fee and obtaining a permit to wear a coat?

Regards,

Please allow the Constitutional Carry package HB4416-4419 through after removing the restrictions preventing people practicing Constitutional Carry from having the same rights as someone with a CPL.

Thank you,
