Subject: OPPOSE SB 741

Please enter this email into public testimony.

I adamantly oppose SB 741. This bill seriously compromises public safety and takes away local control.

Five people have died in US romaine lettuce E. coli outbreak and romaine lettuce has been removed for public safety

Yet in 2018 so far Pit Bulls have killed 27 people including infants, children and the elderly.
<https://www.dogsbite.org/dog-bite-statistics-fatalities-2018.php>

This does not include the many deaths of beloved pets by pit bulls and livestock, including ponies, goats, sheep, cattle and horses.

Yet nothing is being done to stop the killing and to protect innocent citizens

We can no longer afford to look the other way and pretend this is not a public safety issue in our communities.
