Dear Representative Joseph Graves and to all Oversight committee members:

As a Michigan parent Please be advised that the MDHHS should not have the right to create our state regulations without the proper Public notice and hearing process .

Please be advised that the MDHHS should not have the right to mandate any Immunizations to be required by law for my children or myself. Also be advised it's our right as parents to maintain vaccine choice in Michigan and no child should be excluded from school due to that right .

Lastly It my right as a parent to seek a vaccine exemption for my children attending Michigan public schools due to our choices on Vaccinations .

please support our rights to be heard. !

Sincerely Tina Thurston  
A mother of a vaccine injured child and  
A registered Michigan Voter .
